# INTERSTATE GAS SUPPLY, INC.'S MOTION TO INTERVENE AND MEMORANDUM IN SUPPORT

Pursuant to O.R.C. § 4903.221 and O.A.C. 4901-1-11, Interstate Gas Supply, Inc. ("IGS") moves to intervene in the above captioned proceeding, in which the Ohio Edison Company, the Cleveland Electric Illuminating Company and the Toledo Edison Company (collectively referred to herein as "FirstEnergy") seeks approval of its proposed electric security plan ("ESP").

As set forth in the attached Memorandum in Support, IGS submits that it has a direct, real, and substantial interest in the issues and matters involved in the above-captioned proceeding, and that it is so situated that the disposition of this proceeding without IGS's participation may, as a practical matter, impair or impede IGS's ability to protect that interest. IGS further submits that its participation in this proceeding will not cause undue delay, will not unjustly prejudice any existing party, and will contribute to the just and expeditious resolution of the issues and concerns raised in this proceeding.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

## MEMORANDUM IN SUPPORT

IGS respectfully submits that it is entitled to intervene in these proceedings because IGS has a real and substantial interest in the proceedings, the disposition of which may impair or impede IGS's ability to protect that interest. For purposes of considering requests for leave to intervene in a Commission proceeding, the Ohio Administrative Code provides that:

Upon timely motion, any person shall be permitted to intervene in a proceeding upon a showing that: ... (2) The person has a real and substantial interest in the proceeding, and the person is so situated that the disposition of the proceeding may, as a practical matter, impair or impede his or her ability to protect that interest, unless the person's interest is adequately represented by existing parties.

OAC 4901-1-11(A).

Further, RC § 4903.221(B) and OAC 4901-1-11(B) provide that the Commission, in ruling upon applications to intervene in its proceedings, shall consider the following criteria:

(1) The nature and extent of the prospective intervener's interest; (2) The legal position advanced by the prospective intervener and its probable relation to the merits of the case; (3) Whether the intervention by the prospective intervener will unduly prolong or delay the proceedings; (4) Whether the prospective intervener will significantly contribute to full development and equitable resolution of the factual issues.

In the above-captioned proceeding, FirstEnergy is seeking authority from the Commission to establish a standard service offer ("SSO") in the form an electric security plan ("ESP"). IGS is a certified retail electric service ("CRES") provider in the state of Ohio certified to provide customers with electric service in the FirstEnergy service territory. Accordingly, IGS has a substantial interest in the FirstEnergy ESP proceeding, insofar as the ESP proceeding will establish the generation rates charged for

FirstEnergy customers, which are the rates that IGS must compete against to serve customers in the FirstEnergy service territory. Further, a number of other issues that will affect IGS' ability to serve customers in the FirstEnergy territory will likely be determined in this proceeding.

If the Commission approves FirstEnergy Ohio's application, the rights of IGS could be affected by the ESP's impact on the CRES markets. Accordingly, IGS has direct, real, and substantial interests in this proceeding. IGS's intervention will not unduly delay. Further, IGS is so situated that without IGS's ability to fully participate in this proceeding, IGS's substantial interest will be prejudiced. Others participating in this proceeding do not represent IGS's interests. Inasmuch as others participating in this proceeding cannot adequately protect IGS's interests, it would be inappropriate to determine this proceeding without IGS's participation.

Finally, the Supreme Court of Ohio has held that intervention should be liberally allowed for those with an interest in the proceeding.<sup>1</sup> In light of the liberal interpretation of the intervention rules, IGS clearly meets the standards for intervention in this proceeding.

# **CONCLUSION**
