Ohio Power Siting Board,

We've been here since 1959. The Edison put in 2 sets of lines, of which we had no say but we feel we should have on this set. Please put them all south of the tracks.

We feel we should be compensated for having to look at another set of lines which will highly impact our property values.

Why can't all 3 sets of lines be put in the new corridor?

"over"

Out of 9 houses on the street why are they only offering 2 compensation?

We would appreciate being notified as to when the meetings will be.

Thank you

Glenn A. Rex Sr.
