Ohio Power Siting Board

I'm writing concerning the power lines location of Norton Energy Storage in Norton, Ohio.

We have lived here for 21 years. We feel the location of the lines, if placed too close will affect our property values.

There are ~~three~~ homes North of Dorothy and West of Rt 21. We understand that two of the homes were being contacted for options and we would like to know why we were not contacted.

We would like to know when and where the hearings will take place.

Thank you
