I am writing to express my concerns for the PUCO ruling regarding AEP rates. I am a tax payer, an electric customer, and an employee. I fully support competition, however, only if it is fair. AEP has been asked to not enter into competition for many years because our rates were lower than market. AEP complied because that was best for the customers. Now, however, our rates are higher than market because of recent economic conditions. It seems reasonable that a plan be put in place that allows transition to competition on a timeframe that takes into consideration the years AEP was asked to put this on hold. I appreciate your cooperation and support.

Thank You,
 Stacey Stoffer
