COMMENT DESCRIPTION:

On June 7, 2012 the PUCO held a hearing on a rate increase for First Energy. I have not read anything to the status/outcome of this hearing. My comment is: How can First Energy justify this request when in April 2012 they gave their top executives hefty pay increases between 61 percent and 101 percent? President and CEO Anthony Alexander received \$14.4 million in 2011, a 62 percent increase from 2010. They then have the nerve to ask for a rate increase. I surly hope this increase has been denied. Thank you in advance for any consideration you give to this matter.
