Chairman
Public Utilities Commission of Ohio
180 East Broad Street
Columbus, Ohio 43215

Dear Chairman Snitchler,

RE: AMERICAN ELECTRIC POWER (AEP) PROPOSED PRICE FOR CAPACITY CASE 10-2929

I am writing to inform you of my concern regarding the new price for capacity proposed by AEP. The proposal will directly affect our community and I ask you to do everything in your power to ensure that current electric prices do not increase. I understand it is your responsibility and the commission's mission to ensure access to adequate utility services at fair prices and to promote competition in the energy markets in Ohio. In my opinion, the proposed increase in capacity charges contradicts this mission.

As a consumer of energy, I will be directly affected by the newly proposed price for capacity. If the proposed increase in capacity cost is approved, my electric supplier will be forced to increase my electricity costs. Please don't put the interest of AEP ahead of the interest of the residential customers of the State of Ohio.

Please take my view as a customer of a competitive service provider and a current citizen of the State of Ohio into consideration when making your decision in this matter.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lena B. Clark".

Columbus, Ohio 43215

Re: American Electric Power (AEP) proposed price for capacity Case 10-2929

Dear Mr. Snitchler:

I received a letter from Boarder Energy with a suggested letter of advocacy meant for me to sign and send to you regarding Case 10-2929. An addressed envelope was included, with postage, of which I'm taking advantage in order to send you this letter.

I visited the Internet web sites for Border Energy, American Electric Power, and your own Commission's web site to seek more information about this issue, and yesterday I read an opinion column about it in the Columbus *Dispatch*. I believe I have the beginnings of an understanding; enough to know it has history and is complex. Border Energy's web site offered no information. AEP's web site offered background, but left me with more questions than answers, and I expect their viewpoint will favor their own cause. The *Dispatch* column I pretty much dismiss as I have the impression the editorial board is pretty much against causes that will change or challenge. I have to note the PUCO web site gave me nothing as it can be difficult to navigate and while I was able to find a page with the numbers 10-2929 on it, I could get no further information, or it wasn't clear how to.

Consequently, this letter is one of advocacy not for Boarders Energy, First Energy, or AEP. It is a letter of advocacy for me, a retired citizen on a fixed income who has no choice but to pull my fiscal belt tighter and tighter as rent, electric, water, sanitation, telephone, and for sure, health care costs increase. I understand the economics of inflation and related costs of doing business, and while I am most grateful for the income I have, I fully understand what it means when I see the relatively small amount of discretionary income I have diminish each year. I worked hard all my life, was fortunate to receive a good education, will turn 70 this year and anticipate about 20 more years in this life. At no time have I needed public assistance and I never want to. Please take me, and the many, many, other people like me into consideration as you make a decision on this issue.

With appreciation,

328 Oak Avenue. Waverly. Ohio 45690-1515

RE: AMERICAN ELECTRIC POWER (AEP) PROPOSED PRICE FOR CAPACITY CASE 10-2929

I am writing to inform you of my concern regarding the new price for capacity proposed by AEP. The proposal will directly affect our community and I ask you to do everything in your power to ensure that current electric prices do not increase. I understand it is your responsibility and the commission's mission to ensure access to adequate utility services at fair prices and to promote competition in the energy markets in Ohio. In my opinion, the proposed increase in capacity charges contradicts this mission.

As a consumer of energy, I will be directly affected by the newly proposed price for capacity. If the proposed increase in capacity cost is approved, my electric supplier will be forced to increase my electricity costs. Please don't put the interest of AEP ahead of the interest of the residential customers of the State of Ohio.

Please take my view as a customer of a competitive service provider and a current citizen of the State of Ohio into consideration when making your decision in this matter.

Sincerely,

A handwritten signature in cursive script, appearing to read "Phillip Hess".

I understand it is your responsibility and the commission's mission to ensure access to adequate utility services at fair prices and to promote competition in the energy markets in Ohio. In my opinion, the proposed increase in capacity charges contradicts this mission.

As a consumer of energy, I will be directly affected by the newly proposed price for capacity. If the proposed increase in capacity cost is approved, my electric supplier will be forced to increase my electricity costs. Please don't put the interest of AEP ahead of the interest of the residential customers of the State of Ohio.

Please take my view as a customer of a competitive service provider and a current citizen of the State of Ohio into consideration when making your decision in this matter.

Sincerely,

Barry G. Vance

Dear Chairman Snitchler,

RE: AMERICAN ELECTRIC POWER (AEP) PROPOSED PRICE FOR CAPACITY CASE 10-2929

I am writing to inform you of my concern regarding the new price for capacity proposed by AEP. The proposal will directly affect our community and I ask you to do everything in your power to ensure that current electric prices do not increase. I understand it is your responsibility and the commission's mission to ensure access to adequate utility services at fair prices and to promote competition in the energy markets in Ohio. In my opinion, the proposed increase in capacity charges contradicts this mission.

As a consumer of energy, I will be directly affected by the newly proposed price for capacity. If the proposed increase in capacity cost is approved, my electric supplier will be forced to increase my electricity costs. Please don't put the interest of AEP ahead of the interest of the residential customers of the State of Ohio.

Please take my view as a customer of a competitive service provider and a current citizen of the State of Ohio into consideration when making your decision in this matter.

Sincerely,

Concerned Energy Consumer of Ohio

Dear Chairman Snitchler,

RE: AMERICAN ELECTRIC POWER (AEP) PROPOSED PRICE FOR CAPACITY CASE 10-2929

I am writing to inform you of my concern regarding the new price for capacity proposed by AEP. The proposal will directly affect our community and I ask you to do everything in your power to ensure that current electric prices do not increase. I understand it is your responsibility and the commission's mission to ensure access to adequate utility services at fair prices and to promote competition in the energy markets in Ohio. In my opinion, the proposed increase in capacity charges contradicts this mission.

As a consumer of energy, I will be directly affected by the newly proposed price for capacity. If the proposed increase in capacity cost is approved, my electric supplier will be forced to increase my electricity costs. Please don't put the interest of AEP ahead of the interest of the residential customers of the State of Ohio.

Please take my view as a customer of a competitive service provider and a current citizen of the State of Ohio into consideration when making your decision in this matter.

Sincerely,

Robert Friedman
