Docketing Case No.: 10-176-EL-ATA

Notes:

I have been an all-electric customer since 1973 when natural gas was not available in my area. I was told at that time that my special all-electric rate was forever. I am now retired and can't afford a 31% increase over the next 3 years and then 3 more years of increased bills until the RGC is completely phased out by 2018. I can't afford to change over to natural gas and can't sell my house because of the economy and cost of heating it with electric. Please help people like me and give us back our discount!

Please docket the attached in the case number above.
