2012 INTERCARRIER COMPENSATION AMENDMENT

To the Interconnection Agreement Between

Champaign Telephone Company and T-Mobile Central, LLC

This 2012 Intercarrier Compensation Amendment to the Interconnection Agreement by and among Champaign Telephone Company ("ILEC") and T-Mobile Central, LLC, including its affiliates ("T-Mobile") (collectively "the Parties") is effective July 1, 2012 (the "Effective Date").

WHEREAS, T-Mobile and ILEC are parties to an Interconnection Agreement for the state of Ohio which became effective August 13, 2003 ("the Agreement");

WHEREAS, the Federal Communications Commission adopted its *USF/ICC Transformation Order*, FCC 11-161 (Nov. 18, 2011), on *recon.*, FCC 11-189 (Dec. 23, 2011), which among other things substantially changes the rules governing the exchange of telecommunications traffic between CMRS providers and local exchange carriers, including T-Mobile and ILEC, and the Parties desire to conform their interconnection and traffic exchange arrangements to the new rules therein established;

NOW THEREFORE, in consideration of the promises and mutual agreements set forth herein, the Parties agree to amend the Agreement as follows:

1. The Parties intend their Agreement refer to and use the newly defined terms that the FCC has used in its new rules, including "Non-Access Telecommunications Traffic." The Parties therefore amend their Agreement by replacing all references in the Agreement to "Telecommunications Traffic", "Local Traffic" and "IntraMTA Traffic" with the term "Non-Access Telecommunications Traffic." "Access Telecommunications Traffic" means any InterMTA Traffic as defined in the Agreement to the extent allowed by law and rules and is subject to ILEC's switched access tariff. The Parties also amend their Agreement by replacing all references in the Agreement to "toll" or "interMTA" traffic with the term, "Access Telecommunications Traffic."
2. Effective July 1, 2012, notwithstanding any other provision of the existing or amended Agreement to the contrary, the Parties shall exchange all Non-Access Telecommunications Traffic at bill-and-keep (that is, at a zero intercarrier compensation rate for traffic in either direction between the parties), including, without limitation, all Reciprocal Compensation, pursuant to 47 C.F.R. § 20.11(b) and § 51.713.
3. Notwithstanding anything in the existing Agreement to the contrary, the Parties agree that this bill-and-keep arrangement for LEC-CMRS Non-Access Telecommunications Traffic

does not apply to or affect the rates applicable to "Access" telecommunications traffic -- traffic exchanged between telecommunications service providers that is "interstate or intrastate exchange access".

4. For Non-Access Telecommunications Traffic subject to the FCC's Rural Transport Rule, 47 C.F.R. § 51.709(c) (hereafter the "Rural Transport Rule") that originates on ILEC's network and that is destined to T-Mobile, the Parties agree to comply with the requirements of the Rural Transport Rule. Should 47 C.F.R., §51.709(c) be amended, or its application to the Parties' transport obligations be changed, the Parties will amend this agreement accordingly.

- a. For all T-Mobile transport obligations arising pursuant to the preceding paragraph, T-Mobile shall have the right to implement the least cost routing solution, and ILEC shall work cooperatively with T-Mobile to implement the least cost routing solution. ILEC shall not incur any additional expense or cost as a result of T-Mobile's decision to implement any least cost routing solution.

- b. ILEC represents that it is an incumbent rate-of-return rural telephone company as defined in 47 C.F.R. § 51.5 and that its meet point with the transit carrier is located .

- c. All issues related to a transit provider's transit charges to ILEC shall be resolved between ILEC and that transit provider. All issues related to a transit provider's transit charges to T-Mobile shall be resolved between T-Mobile and that transit provider.

- d. At T-Mobile's request ILEC agrees to use its best efforts to provide T-Mobile with a report of actual verifiable minutes of use of the Rural Transport Rule Traffic it originates to T-Mobile.

5. Effective July 1, 2012, notwithstanding any other provision of the existing or amended Agreement to the contrary, the term of the Agreement is set at thirty (30) days, and the Agreement is hereby amended to be a month-to-month Agreement. Either Party may terminate the Agreement, or request renegotiation of it, upon thirty (30) days' notice to the other Party.
6. This 2012 Inter-carrier Compensation Amendment is intended to, and shall be deemed to, revise the rates, charges and other provisions of the Agreement to the extent necessary to give full effect to all provisions of this 2012 Inter-carrier Compensation Amendment. Any inter-carrier compensation paid by either party for the termination of Non-Access Telecommunications Traffic after June 30, 2012 will be subject to a true up based upon the final negotiated compensation arrangements of this 2012 Inter-carrier Compensation

Amendment. In the event of a conflict between a rate, charge or other provision of this 2012 Inter-carrier Compensation Amendment and a rate, charge or other provision of the Agreement or other charge, the terms of this 2012 Inter-carrier Compensation Amendment and the FCC's rules and orders implementing FCC 11-161 and 11-189 shall govern.

IN WITNESS WHEREOF, the Parties hereto have caused this 2012 Inter-carrier Compensation Amendment to be duly executed and delivered by their duly authorized representatives.
