COMMENT DESCRIPTION:

This street car in Cincinnati is not affordable and the "additional" burden should not be placed on the backs of the tax payers. The city of Cincinnati is getting very heavy and we have to get rid of this dead weight! They need to start listening to the people inside and outside of the city. I could not vote for this project and do not feel I should be burdened with the costs in any way! This is unacceptable what Mayor Mallory and his cronies are doing to this fine city! This additional tax is unacceptable! In addition, PUCO should not be allowed to dictate tax increases to fund projects!!!
