Hi Betty,

We received a few email complaints to include in the case referenced above.

Thanks,  
Nicole

**COMMENT DESCRIPTION:**

This email is to request that the PUCO vote AGAINST case # 12-1682-EL-AIR which would allow Duke to pass on to customers the cost of utility relocation in regards the City of Cincinnati street car project. An approval would allow a slippery slope where as governments can hide what are really tax increase in disguise as utility rate increases to citizen! In these tough economic times, allowing such an increase would be a negative impact for business and property owners and discourage any possible future investment plans.
