*****PLEASE HELP SAVE MY JOB*****

ORMET PRIMARY ALUMINUM CORPORATION

NEEDS YOUR HELP!!

RECEIVED SEP 12 2012

I have worked at Ormet Primary Aluminum Corporation for the past 17 1/2 years. American Electric Power's (AEP) price increase (s) has put our company in a very dire position.

The recent rulings by the PUCO have put my job and a thousand other jobs at risk of being eliminated. It is ridiculous that AEP can hold us hostage under an unfavorable agreement and potentially shut down our plant, while they stand poised to make a possible BILLION dollar profit. If AEP cannot and or will not sell Ormet electric power at a reasonable rate then allow us to buy it on the open market at a cheaper rate then they are proposing.

With the upcoming elections all people are talking about are creating jobs and the poor unemployment numbers. **How about someone stepping forward to keep 1000 plus men and women working in Monroe County, Ohio? We need intervention NOW if there is any possibility of saving our plant from shutting down indefinitely.**

Sincerely,

Sherry Barbour
