Docketing Case No.:12-1682-EL-AIR

Notes:

Regarding Case #12-1682-EL-AIR. I find it offensive that Duke would create a hidden tax of its loyal customer base in the interest of paying for unrelated expense of moving lines to accommodate the city's streetcar. It is an outrage that the political pressure of Cincinnati's City Council has reduced a respected company to the status of sycophant. Cincinnatians have been manipulated by the City government and the media on this issue - their anger upon awakening to the gravity of the revenue gap on the streetcar and who will pay will be directed to the last in line - DUKE ENERGY. Do not succumb. Do Not Become Like GM - completely beholden to a bunch of politicians on a central planning high.
