RE: PUCO Case # 12-1682-EL-AIR

35

I oppose Duke's proposal to allow Cincinnati City Council to force a rate increase on local ratepayers. If Cincinnati Council wants a streetcar, Cincinnati City Council can pay for it! PUCO should grant Duke's request to require Cincinnati City Council to pay the costs associated with relocating utility lines and equipment, but should deny the proposal to allow City Council to force this onto customers' energy bills.
