COMMENT DESCRIPTION:

We understand that the PUCO may be considering doing away with Columbia Gas' "Standard Choice Offer." We are opposed to any such proposal. We understand that the Ohio Legislature enacted laws to provide for consumer choice in gas suppliers and we support such efforts. Further, we have over the years used alternate suppliers that offered better prices than the Standard Choice Offer. However, for the last several years we have selected the Standard Choice Offer as it has been far superior to any alternate choice. We want to be on record as supporting the Standard Choice Offer as the PUCO considers changes to the natural gas choice program. Thank you.
