**Notes:**

Section I and II are Pursuant to Chapter 4901:1-6 OAC

Section III – Carrier to Carrier is Pursuant to 4901:1-7 OAC, and Wireless is Pursuant to 4901:1-6-24 OAC.

Section IV – Attestation

(1) Indicate the Carrier Type and the reason for submitting this form by checking the boxes below.

(2) For requirements for various applications, see the identified section of Ohio Administrative Code Section 4901 and/or the supplemental application form noted.

(3) Information regarding the number of copies required by the Commission may be obtained from the Commission's web site at [www.puco.ohio.gov](http://www.puco.ohio.gov) under the docketing information system section, by calling the docketing division at 614-466-4095, or by visiting the docketing division at the offices of the Commission.

(4) An Incumbent Local Exchange Carrier (ILEC) offering basic local exchange service (BLES) outside its traditional service area should choose CLEC designation when proposing to offer BLES outside its traditional service area or when proposing to make changes to that service.

**All Filings that result in a change to one or more tariff pages require, at a minimum, the following exhibits.**

Exhibit	Description:
A	The tariff pages subject to the proposed change(s) as they exist before the change(s)
B	The Tariff pages subject to the proposed change(s), reflecting the change, with the change(s) marked in the right margin.
C	A short description of the nature of the change(s), the intent of the change(s), and the customers affected.
D	A copy of the notice provided to customers, along with an affidavit that the notice was provided according to the applicable rule(s).

Columbus, Ohio 43215-3793

RE: 12-3264 -TP-ATA

Dear Ms. Jenkins:

Enclosed for filing is an electronic copy of Cincinnati Bell Extended Territories LLC (CBET) tariff pages for CBET ACCESS SERVICES TARIFF PUCO NO. 2. With this filing CBET is proposing to make changes to Section 7 – Special Access Service. A description of these changes can be found in Exhibit C.

Included with this filing are the superseded tariff pages marked as Exhibit A and the new tariff pages marked as Exhibit B.

This filing should be docketed under Case Number 12-3264-TP-ATA.

Please direct questions to me. I can be reached at (513) 397-1231 or via email at [mike.bishop@cinbell.com](mailto:mike.bishop@cinbell.com).

Sincerely,

A handwritten signature in black ink that reads "Michael E. Bishop".

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.3.9 Discount Commitment Program (DCP)(A) General Description

The Discount Commitment Program (DCP) provides the customer with rate stabilization and discounted rates for Digital Data Service, 1.544 High Capacity Service, MercNET 45 Service, and Shared SONET Service (described in Sections 7.2.1, 7.2.2, and 7.2.5 preceding). The customer agrees to a minimum service commitment per service when establishing a DCP. Customers may disconnect or move Channel Terminations, Network Access Connections, and Off-Network Access Connections and not be subject to Maximum Termination Liability charges as long as commitment levels are maintained.

DCPs may be established by service and be of either 36 or 60 months duration. A customer may have only one DCP per service in effect at one time. For example, a customer that has a 36-month DCP for Digital Data Service may not establish a second Digital Data Service until the current DCP expires.

Monthly rates for services installed under a DCP will change as Company-initiated rate changes become effective but during the DCP term will not exceed the original monthly rate in effect at the beginning of customer's DCP term. During the term of the selected DCP, Company initiated rate changes (increases or decreases) will automatically be applied to the monthly rates for the remaining months of the current DCP term. But in no case will any rate change cause the monthly rate during the DCP term to exceed that in effect at the beginning of the customer's DCP term.

(B) Commitment Level

A customer establishes a DCP term by committing 90 percent of their in-service Circuits (CKTS) to a term of either 36 or 60 months duration. The commitment will be based upon the number of CKTS and will include the following rate elements. rates:

- Channel Termination
- Channel Mileage
- Network Access Connection
- Off-Network Access Connection
- Service Area Transport
- Multiplexing
- DS3 Payload Multiplexing

---

Issued: December 2, 2004

Effective: January 1, 2005

In Accordance with Case No. 04-1787-TP-ACE,  
issued by the Public Utilities Commission of Ohio

D. Scott Ringo, Assistant Secretary, Cincinnati Bell Extended Territories LLC

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.3 Rate Regulations (Cont'd)7.3.9 Discount Commitment Program (DCP) (Cont'd)(B) Commitment Level (Cont'd)

The customer will not receive the DCP rates for in-service levels above the 90 percent commitment level established. For example, a customer with 100 CTs in-service and commits to 90 CKTS (i.e. 90 percent) will receive the DCP rates for up to 90 CKTS.

If a customer's actual in-service level falls below the commitment level, the customer will be billed for the commitment level of CKTS at DCP rates. For example, a customer that commits 90 CKTS but has only 70 CKTS in service will be billed the DCP rates for 90 CKTS.

(C) 90-Day Review Period

No adjustments, for being below commitment level (as described in (B) above), in monthly billing for a DCP will be made until 90 days after Company notification to the customer that the commitment level has been exceeded or not been met. This will insure that customers will not be penalized for aberrations in Channel Termination, Network Access Connection or Off-Network Access Connection counts caused by timing differentials in disconnection and installation.

Customers' bills will not be adjusted for being outside the parameters described in 7.3.9(B), preceding during the 90 day review period. Additionally, customers will continue to be billed the adjustments (following the 90 day review period) for being outside the described parameters until the commitment level is met or increased. A new 90-day review period will be initiated if the customer's actual in-service level subsequently falls outside the described parameters.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.3 Rate Regulations (Cont'd)7.3.9 Discount Commitment Program (DCP) (Cont'd)(D) Increasing the DCP Commitment Level

Customers may increase their commitment level at any time by notifying the Company in writing. An increase in the commitment level will not change the expiration date of the DCP.

When a commitment level is increased, the actual in-service CKT level at the time of the increase will be used to calculate billing adjustments as described in Section 7.3.9(B), preceding.

(E) Decreasing the DCP Commitment Level and Termination Liabilities

Customers may decrease their commitment level only by paying termination liability charges on the number of Channel Terminations, Network Access Connections or Off-Network Access Connections by which the commitment level is decreased. Termination Liabilities will apply to Digital Data, 1.544 High Capacity, MercNET 45 and Shared SONET Service. For example, a customer has a commitment level of 90 CKTS. The customer then decreases this commitment level to 70 CKTS. The customer must pay termination liabilities on 20 CKTS.

The Termination Liability for DCP is calculated to be the dollar difference between the current DCP rate for the DCP term that could have been completed during the time the service was actually in service, or the monthly rate for services in service, or the monthly rate for services in place less than 36 months, and the customer's current DCP rate for each month the service was provided.

For example, a customer subscribing to a 60-month DCP term reduced their CKTS commitment by 20 CKTS during the 37th month. This customer's termination charge would be:

$$20 \text{ CKTS} \times (36 \text{ month DCP rate} - 60 \text{ month DCP rate}) \times 37 \text{ months} = \text{Termination Charge}$$

A decrease in the commitment level will not change the expiration date of the DCP.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.3 Rate Regulations (Cont'd)7.3.9 Discount Commitment Program (DCP) (Cont'd)(F) Upgrading a DCP Service

When a customer upgrades a Digital Data service being billed DCP rates to a 1.544 High Capacity, the Digital Data service DCP commitment level will be reduced at the customer's request (up to a maximum of 24) and no termination liabilities will apply. If the customer has a DCP for a 1.544 High Capacity, the 1.544 High Capacity DCP commitment level will be increased if the customer requests that it be increased. When a customer upgrades a 1.544 High Capacity service being billed DCP rates to a MercNET 45 service with the same termination points, the customer's 1.544 High Capacity DCP commitment level will be reduced at the customer's request (up to a maximum of 28) and no termination liabilities will apply.

(G) Conversion to an Optional Payment Plan (OPP)

Customers may convert services from a DCP term to an OPP as described in 7.3.7, preceding. No termination liabilities will apply to services converted to an OPP term of the same or longer length than the DCP term. Additionally, the customer's DCP commitment level will be reduced by the number of CKTS associated with the service, converted to an OPP term.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.3.9 Discount Commitment Program (DCP)(A) General Description

The Discount Commitment Program (DCP) provides the customer with rate stabilization and discounted rates for Digital Data Service, 1.544 High Capacity Service, MercNET 45 Service, OCn Services, Shared SONET Service Wavelength Service and Ethernet Service. The customer agrees to a minimum service commitment per service when establishing a DCP. The rate elements by service are: (C)

Digital Data Service;

Channel Termination, Channel Mileage

1.544 High Capacity Service, MercNET 45 Service;

Channel Termination Channel Mileage, Multiplexing

OCn Point-to-Point Service;

Channel Termination Channel Mileage, Add drop Multiplexing (C)

OCn Dedicated Ring Service;

Ports, Nodes, Channel Mileage, Add/Drop Multiplexing, Regenerators

Wavelength Service, Ethernet Service;

Ports,

Shared SONET Service;

Network Access Connection, Off-Network Access Connection, Service Area Transport, DS3 Payload Multiplexing (C)

Customers may disconnect or move Channel Terminations, Multiplexing, Network Access Connections, Off-Network Access Connections, Nodes or Ports and not be subject to Maximum Termination Liability charges as long as commitment Levels are maintained. (C)

DCPs may be established by service and be of either 36 or 60 months duration for Digital Data, 1.544 High Capacity, OCN Point-to-Point and Shared SONET Services or 36, 48, 60, and 84 months duration for Wavelength and Ethernet Services. A customer may have only one DCP per service in effect at one time. For example, a customer that has a 36-month DCP for Digital Data Service may not establish a second Digital Data Service until the current DCP expires. (C)

Monthly rates for services installed under a DCP will change as Telephone Company-initiated rate changes become effective but during the DCP term will not exceed the original monthly rate in effect at the beginning of customer's DCP term.

Issued: December 20, 2012

Effective: January 19, 2013

In Accordance with Case No. 12-3264-TP-ATA,  
issued by the Public Utilities Commission of Ohio  
Christopher J. Wilson, Secretary, Cincinnati Bell Extended Territories LLC

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.3 Rate Regulations (Cont'd)7.3.9 Discount Commitment Program (DCP) (Cont'd)(A) General Description (Cont'd)

During the term of the selected DCP, Telephone Company-initiated rate changes (increases or decreases) will automatically be applied to the monthly rates for the remaining months of the current DCP term. But in no case will any rate change cause the monthly rate during the DCP term to exceed that in effect at the beginning of the customer's DCP term.

(M)

(B) Commitment Level

A customer establishes a DCP term by committing 90 percent of their in-service Circuits (CKTS) by service during the term.

(C)

(D)

The customer will not receive the DCP rates for in-service levels above the 90 percent commitment level established. For example, a customer with 100 CKTS in-service and commits to 90 CKTS (i.e. 90 percent) will receive the DCP rates for up to 90 CKTS.

(D) (M)

If a customer's actual in-service level falls below the commitment level, the customer will be billed for the commitment level of CKTS at DCP rates. For example, a customer that commits 90 CKTS but has only 70 CKTS in service will be billed the DCP rates for 90 CKTS.

(C) 90-Day Review Period

No adjustments, for being below commitment level (as described in (B) above), in monthly billing for a DCP will be made until 90 days after Company notification to the customer that the commitment level has been exceeded or not been met. This will insure that customers will not be penalized for aberrations in Channel Termination, Network Access Connection or Off-Network Access Connection counts caused by timing differentials in disconnection and installation.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.3 Rate Regulations (Cont'd)7.3.9 Discount Commitment Program (DCP) (Cont'd)(C) 90-Day Review Period (Cont'd)

(M)

Customers' bills will not be adjusted for being outside the parameters described in 7.3.9(B), preceding during the 90 day review period. Additionally, customers will continue to be billed the adjustments (following the 90 day review period) for being outside the described parameters until the commitment level is met or increased. A new 90-day review period will be initiated if the customer's actual in-service level subsequently falls outside the described parameters.

(M)

(D) Increasing the DCP Commitment Level

Customers may increase their commitment level at any time by notifying the Company in writing. An increase in the commitment level will not change the expiration date of the DCP.

When a commitment level is increased, the actual in-service CKT level at the time of the increase will be used to calculate billing adjustments as described in Section 7.3.9(B), preceding.

(E) Decreasing the DCP Commitment Level and Termination Liabilities

Customers may decrease their commitment level only by paying termination liability charges on the number of Channel Terminations, Network Access Connections or Off-Network Access Connections by which the commitment level is decreased. Termination Liabilities will apply to Digital Data, 1.544 High Capacity, MercNET 45 and Shared SONET Service. For example, a customer has a commitment level of 90 CKTS. The customer then decreases this commitment level to 70 CKTS. The customer must pay termination liabilities on 20 CKTS.

The Termination Liability for DCP is calculated to be the dollar difference between the current DCP rate for the DCP term that could have been completed during the time the service was actually in service, or the monthly rate for services in service, or the monthly rate for services in place less than 36 months, and the customer's current DCP rate for each month the service was provided.

Christopher J. Wilson, Secretary, Cincinnati Bell Extended Territories LLC

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.3 Rate Regulations (Cont'd)7.3.9 Discount Commitment Program (DCP) (Cont'd)(E) Decreasing the DCP Commitment Level and Termination Liabilities (Cont'd)

(M)

For example, a customer subscribing to a 60-month DCP term reduced their CKTS commitment by 20 CKTS during the 37th month. This customer's termination charge would be:

$$20 \text{ CKTS} \times (36 \text{ month DCP rate} - 60 \text{ month DCP rate}) \times 37 \text{ months} = \text{Termination Charge}$$

A decrease in the commitment level will not change the expiration date of the DCP.

(M)

(F) Upgrading a DCP Service

When a customer upgrades a Digital Data service being billed DCP rates to a 1.544 High Capacity, the Digital Data service DCP commitment level will be reduced at the customer's request (up to a maximum of 24) and no termination liabilities will apply. If the customer has a DCP for a 1.544 High Capacity, the 1.544 High Capacity DCP commitment level will be increased if the customer requests that it be increased. When a customer upgrades a 1.544 High Capacity service being billed DCP rates to a MercNET 45 service with the same termination points, the customer's 1.544 High Capacity DCP commitment level will be reduced at the customer's request (up to a maximum of 28) and no termination liabilities will apply.

(G) Conversion to an Optional Payment Plan (OPP)

Customers may convert services from a DCP term to an OPP as described in 7.3.7, preceding. No termination liabilities will apply to services converted to an OPP term of the same or longer length than the DCP term. Additionally, the customer's DCP commitment level will be reduced by the number of CKTS associated with the service, converted to an OPP term.

## **EXHIBIT C**

### **DESCRIPTION**

Cincinnati Bell Extended Territories (CBET) makes this filing to make changes to Section 7 – Special Access Service. CBET is proposing to add 24-month, 48-month and 84-month rate elements to its DS1 Service, DS3 Service and OCn Services. CBET is also expanding its Discount Commitment Plan (DCP) to include Wavelength Service and Ethernet Service. The changes are on the following pages: 176, 177, 178, 179, 183, 184, 186, 189, 190, 191, 192, 193, 194, 194.1, 194.2, 195, and 196.
