**Letter of Notification
East Akron-Hanna 138 kV Transmission Line Tap
To Old Forge Substation
Case No. 12- -EL-BNR**

PUCO

2013 JAN -7 AM 9:31

RECEIVED-DOCKETING DIV

Dear Ms. McCauley:

In accordance with Rule 4906-1-11 American Transmission Systems, Incorporated ("ATSI"), and Ohio Edison Company ("OE"), subsidiaries of FirstEnergy Corp, transmit one (1) original and eleven (11) copies of the enclosed Letter of Notification (LON). In this project, ATSI and OE are proposing to install a single radial tap, with two switches, extending from the East Akron-Hanna 138 kV transmission line to the take off structure located of the old Forge Substation, approximately 300 feet away. The Project is located on the south side of Old Forge Road approximately 0.6 miles east of the intersection of Mogadore Road and Eastwood Avenue/Old Forge Road in Brimfield Township, Portage County, Ohio, on existing right-of-way and property owned by OE.

Please be advised of the following:

- | | |
|---------------------------------------|---|
| a) Name and address of the applicant: | American Transmission Systems, Incorporated
76 South Main Street
Akron, Ohio 44308
and
Ohio Edison Company
76 South Main Street
Akron, Ohio 44308 |
| b) Name of proposed facilities: | East Akron-Hanna 138 kV Transmission Line Tap to
Old Forge Substation |

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician fe Date Processed JAN 07 2013

- c) Location of proposed facilities: The Project is located on the south side of Old Forge Road approximately 0.6 miles east of the intersection of Mogadore Road and Eastwood Avenue/Old Forge Road in Brimfield Township, Portage County, Ohio, on existing right-of-way and property owned by OE.
- d) Description of proposed: The Project will install a single radial tap, with two switches, extending from the East Akron-Hanna 138 kV transmission line to the take off structure located of the old Forge Substation, approximately 300 feet away. Five new single wood poles will be installed as part of the project.
- e) Applicant's representative: John T. Toth,
Siting Supervisor
Energy Delivery, Transmission and Substation Design
FirstEnergy Service Company
76 South Main Street, Akron, Ohio 44308

After docketing this filing, please return one time-stamped copy of the LON for our records to us in the enclosed envelope. We have provided a copy of this LON by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed project as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of Brimfield Township and Portage County are enclosed for your file.

Should the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (330) 384-4564.

Sincerely,

John T. Toth
Siting Supervisor
Energy Delivery, Transmission and Substation Design
First Energy Services Company

Letter of Notification
East Akron-Hannah 138 kV Transmission Line Tap
To Old Forge Substation
Case No. 12- -EL-BNR

Dear Mr. Smeiles,

In the above captioned project, American Transmission Systems, Incorporated ("ATSI") and Ohio Edison Company ("OE"), subsidiaries of FirstEnergy Corp., are proposing to install a single radial tap, with two switches, extending from the existing East Akron-Hanna 138 kV transmission line to the take off structure of the old Forge Substation, located approximately 300 feet away. The Project is located on the south side of Old Forge Road approximately 0.6 miles east of the intersection of Mogadore Road and Eastwood Avenue/Old Forge Road in Brimfield Township, Portage County, Ohio, on existing right-of-way and property owned by OE.

In accordance with the provisions of Ohio Administrative Code ("OAC") Rule 4906-1-01, this project falls within the Ohio Power Siting Board's requirements for a Letter of Notification (LON). Therefore, in compliance with OAC 4906-11-02 of the OPSB's Rules and Regulations, we have prepared and filed the attached LON with the OPSB for their review and approval. The LON contains a description of the project, and is provided for your information.

I will be happy to answer your questions concerning this matter. You can contact me at (330) 384-4564.

Sincerely,

John T. Toth
