

In the Matter of the Application of)
The Dayton Power and Light Company) Case No. 09-1012-EL-FAC
to Establish a Fuel Rider.)

The Dayton Power and Light Company (“DP&L” or “the Company”) moves pursuant to Ohio Administrative Code §4901-1-24(D), for leave to file under seal certain information contained in the document titled “Report of the Management/Performance and Financial Audit of the Fuel and Purchased Power Rider of the Dayton Power and Light Company (09-1012-EL-FAC).” The motion for protective treatment was granted in the Entry of July 8, 2011. By this motion, DP&L seeks to continue the Order issued on July 8, 2011, determining that this information is proprietary and trade secret material and should be treated as confidential. DP&L requests that the Commission continue to Order issued on July 8, 2011 to indicate that this data, filed under seal, should be maintained at the Commission in a separate file which has restricted access. The reasons in support of this motion are fully explained in the attached memorandum.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Randall V. Griffin", is written over a horizontal line.

Randall V. Griffin (0080499)

MEMORANDUM IN SUPPORT

DP&L moves that confidential information contained in the unredacted version of the Audit Report be protected from disclosure and that the public version of the Audit Report remains available through the Commission's normal disclosure process.

Confidential information appears throughout the Audit Report and could not be easily segregated into a specific section or sections. Specifically the Audit Report describes DP&L's procurement strategy, contract information, purchase power information, generation information, and general business strategy. This information remains relevant to the operation of DP&L's generation fleet.

The trade secret information, if publicly disclosed, would give DP&L's competitors access to competitively sensitive, confidential information, which would allow suppliers to make offers to sell coal, and competitors to offer power etc. at prices other than they might offer in the absence of such information and to the detriment of DP&L and its customers.

WHEREFORE, DP&L respectfully requests that the Commission, pursuant to Ohio Administrative Code §4901-1-24(D), grant its Motion for Protective Order to Protect the Confidentiality of Information Contained in the document titled "Report of the Management/Performance and Financial Audit of the Fuel and Purchased Power Rider of the Dayton Power and Light Company (09-1012-EL-FAC)," by making a determination that the Confidential Material is confidential, proprietary and a trade secret under Ohio Revised Code §1333.61.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "Randall V. Griffin", is written over a horizontal line.
