# Memo

**To:** Docketing Division  
**From:** George Martin, Grade Crossing Planner, Rail Division  
**Re:** PUCO Case No. 07-1169-RR-FED  
**Date:** January 14, 2013

The grade crossing improvements/upgrades ordered in the above referenced case have been completed and are in service with the exception of Montgomery County, City of Miamisburg, Kercher St, DOT# 524650E, NS. Due to engineering issues which arose shortly after the Commission ordered this light and gate project, the crossing improvement has been in abeyance.

By Memo dated January 11, 2013, the Ohio Rail Development Commission has requested staff to issue a Finding & Order for a Corridor Project involving eight grade crossings, including Kercher St. Accordingly, Kercher St will be transferred to PUCO Case No. 13-202-RR-FED, and 07-1169-RR-FED may be closed.
