COMMENT DESCRIPTION:

I am writing to ask that Duke Energy not be given the ability to raise electric rates by 24% and gas rates by 18%. Given the current economic situation for most people it would be a severe hardship on many to include the elderly and retired that rely on a fixed income to stay current on their bills. I hope that when the descision is made, Ohio families are taken into consideration before the interest of business. Thank you for your attention, Megan Molnar Hodge

COMMENT DESCRIPTION:

In reference to Case No. 12-1682-EL-AIR - I am a home owner and against the rate increase for several reasons; for one I don't want to pay for projects like the Streetcar where lines have to be relocated; if City Council wants the Streetcar so bad let them figure out a way to pay for ALL expenses to make it happen. I haven't talked to anyone who wants the "Streetcar to know where".

COMMENT DESCRIPTION:

I want ask that Duke Energy not be given permission for the 24 percent rate increase, especially for the relocation of utilities in Cincinnati for the street car project. We live in Butler County and would not ne using these street cars.If Cincinnati wants the street cars, let them come up with the funds for the utility relocation.I think a 24percent increase is excessive, my income hows not gone up that much-we are on social security.

Docketing Case No.:

Notes:

PUCO should deny the request for a tax to be added to Duke Energy Gas and Electric bills sent to ratepayers to pay for a street car in Cincinnati. The movement of utilities to accommodate the streetcar is fraught with controversy. The ratepayers should not have to pay for the movement of utilities - the movement of utilities does not and will not benefit Duke ratepayers. It is desired by politicians who want one less obstacle out of their way for a streetcar very few people want. Better planning by city officials should have been done on that. It should have been paid for in advance by some other means. No one - no one - should see their gas and electric bills go up due to a streetcar tax.

Please DENY the request.

Please docket the attached in the case number above.
