Re: George Etesse

Blue Ash, OH 45242

Docketing Case No.: 12-1682-EL-AIR

Notes:

Please docket the attached in the case number above.

I am a senior citizen resident of Blue Ash, Oh, Hamilton County. My local news programs stated that Duke Energy is requesting a electric and gas rate increase. I am opposed

Included in this rate increase request is money

Duke needs to move utilities in the City of Cincinnati for their installation of trolley service in the City of Cincinnati ONLY! Everyone who lives in the Duke Energy service area will be asked to pay this increase, except that the majority of the Duke Customers live outside of the City of Cincinnati and receive no benefit from the City of Cincinnati trolley. As a matter of fact, the trolley will only be in the core of Cincinnati, approximately a 12 square block area. Refuse the rate increase by Duke Energy and let the City of Cincinnati pay Duke for the relocation of the utilities for their trolley.

George Etesse

Docketing Case No  
12-1682-EL-AIR

Notes:

My husband and I vehemently oppose this proposal and will not support any increase in rates to support a street car that needs to be paid for via the City of Cincinnati, not Duke customers!

Please docket the attached in the case number above.

#### COMPLAINT DESCRIPTION:

This comment is in reference to letting Duke Energy increase rates to the citizens of Cincinnati because of Cincinnati's future street car. Please do not allow this action to occur. Any fees that Duke Energy requires for the expense to move electric and gas lines should be paid for by the City of Cincinnati! Citizens cannot afford anymore additional increases. It is hard enough to live in this economy without big business putting more fees on us!

Please docket the attached in the case number above.

COMPLAINT DESCRIPTION:

I am outraged a out Duke asking for a 24% hike because they have to do work for the Cincinnati Trolley. This is crazy. First off the City of Cincinnati should pay for all parts of that project. Second I live in Clermont County, why in the world should I have any part of that mess. Duke just keeps raising the rates, when is it going to stop. I don't see how you can permit this
