COMPLAINT DESCRIPTION:

I am concerned about Case No. 12-1682-EL-AIR as to an increase in my electric to help finance Duke's portion of the expense to get the Cincinnati Streetcar up & running. I consider it a hidden tax that I shouldn't be required to help pay for since I don't live in Cincinnati & have not desire to help finance such a project that has such limited use. I understand that Duke may need to increase our rates a small amount but 24% that has been mentioned is way too high. Please understand that we are on a fixed income & with everything seeming to increase, it is difficult to justify such a large increase - especially for the Streetcar which will not benefit us at all.

COMPLAINT DESCRIPTION:

Recently my wife and I received a notice that our electric provider, Duke Energy, has requested a 24% rate increase to cover the cost of relocating the power lines in the city of Cincinnati for the construction of the "Street Car System" to be installed in the coming year.

I do not live in the city of Cincinnati, nor do I live in the Hamilton County. I do not go into the city more than a couple times a year, at most, for any reason. I do not benefit from any city functions either directly or indirectly.

My question is, how can a utility company penalize me for a decision made by Cincinnati City Council, against, I might add, the wishes of the residents of Hamilton County and Cincinnati, who voted the street car project down in a recently held vote on the project?

This is WRONG! Why should I have to pay for any project taken on by the city of Cincinnati, where I do not live, I do not visit and I do not have a voice in who runs the government of the city?

This is a TAX, forced on me by secondhand means by a servant of the people to pay for a useless project, especially to me. A tax that is forced upon me without any say so as to how the money is used. A TAX forced upon me without any representation. As history points out, the rebellion that led to the founding of our Republic, started due to a TAX without representation.

I must insist that this increase in charges be rejected and forced back on the people who insist on ignoring the wishes of the people.

Respectfully submitted,

Clarence E. Campbell
