RE: Withdrawal of Application
Case No.: 13-0157-EL-REN

To Whom It May Concern:

In reference to 13-0157-EL-REN, Sol Systems has been informed that the customer will not be installing a utility grade/revenue grade meter that conforms to ANSI 12.1 which calls for an accuracy of +/- 2% accuracy or better. Because the state requires all systems above 6 kW to have such a meter, Sol Systems acknowledges that will need to withdraw this application and requests that the application be officially withdrawn.

Please let me know if you have any questions or need any additional assistance with this matter. Thank you for your cooperation.

Best,

Anna Noucas
Associate
Sol Systems, LLC
