COMPLAINT DESCRIPTION:

Case No.12-1682-EL-AIR

It is not right to charge me for something in the City of Cincinnati, for which I have no vote. This would set a precedent for other government entities to enact bills to fund projects for which non-residents of their entity would be required to fund. This is a form of taxation without representation; it is grossly unfair and un-American. It may even be unconstitutional. Have the City of Cincinnati fund this 100% or hang it up.
