RE: E-Choice Energy Group, LLC

File Number: 801128256

It has been our pleasure to file the certificate of formation and issue the enclosed certificate of filing evidencing the existence of the newly created domestic limited liability company (lic).

Unless exempted, the entity formed is subject to state tax laws, including franchise tax laws. Shortly, the Comptroller of Public Accounts will be contacting the entity at its registered office for information that will assist the Comptroller in setting up the franchise tax account for the entity. The initial franchise tax report will be due a year and 89 days after the effective date of formation. Thereafter, an annual franchise tax report is due each May 15. Information about franchise tax, and contact information for the Comptroller's office, is available on their web site at http://window.state.tx.us/taxinfo/franchise/index.html.

The entity formed does not file annual reports with the Secretary of State. Documents will be filed with the Secretary of State if the entity needs to amend one of the provisions in its certificate of formation. It is important for the entity to continuously maintain a registered agent and office in Texas. Failure to maintain an agent or office or file a change to the information in Texas may result in the involuntary termination of the entity.

If we can be of further service at any time, please let us know.

Sincerely,

EXPERIENCE & PLANS

Since the formation of E-Choice in May 2009, E-Choice has assisted commercial business customers in securing low rate electricity contracts with CRES providers. E-Choice does not enter into any contract with the customers but merely presents rates to the customer from the CRES providers. E-Choice is not paid by the customers and therefore does not provide any billing statements to the customer. The plan to assist customers will continue as it has for over 3 years, through business to business contact following the below process:

- 1. Approach customer and obtain a Letter of Authorization (LOA) for historical usage
- Submit LOA to area transmission distribution service provider (TDSP);
- 3. Submit historical usage to retail electricity providers for rate quotes;
- 4. Present rate offers to customer;
- 5. Review with and explain to customer the details of the contract choice;
- 6. Submit signed contract to REP for service
- 7. Maintain good relations and contact with customer and be available for further electrical needs.

The service requirements as outlined by PUCO's Revised Code section 4928.10 will be adhered to by E-Choice by sitting down with customers and explaining the details of the CRES Provider contract they are considering. It is E-Choice's practice that the customer be well informed of all that he is agreeing to in a contract, pointing out terms of service, rates, disconnection information, and all sections of the contract.

E-Choice informs and encourages each customer to contact E-Choice at ANY time via email, fax, phone, providing personal cell phone numbers to every customer in our attempt to be available and please the customer in any way possible.

If at any time a customer complains of our service, we would respond by immediately communicating with the customer to hear its concerns and make sure we resolve any problem. E-Choice is not aware of any customer complaints to date.

SUMMARY OF EXPERIENCE

E-Choice is experienced in the process of negotiating a low rate electricity contract on behalf of the commercial customer. Since 2009 E-Choice has worked with Texas TDSPs and Retail Electricity Providers, receiving daily rate emails, procuring annual customer usage and presenting REP contracts to the customer. Over the years, E-Choice has approached thousands of businesses (through canvassing, website, brochures, flyers and rack cards) and assisted many in procuring provider contracts.

The businesses E-Choice has approached range from small to medium size and include restaurants, pet stores, offices, churches, apartment complexes, etc. Our customers have all been in the state of Texas, primarily northern Texas. The total kilowatt hour of eChoice customers from inception to now (almost 4 years) is estimated at 20 million (Our customers' usage range from approximately 10,000 kwh to 3,000,000 kwh annually).

DISCLOSURE OF LIABILITIES and INVESTIGATIONS

None.

No rulings, judgments, contingent liabilities, revocation of authority, regulatory investigations or any other matter that could adversely impact E-Choice's financial or operational status or ability to provide services to customers exists to this Applicant's knowledge.
