Fairfield, OH 45014

Docketing Case No.:
12-1682-EL-AIR

Notes:

Please docket the following in the case number above. Thank you.

*

COMPLAINT DESCRIPTION:

The idea of Duke being allowed to pass on the Cincinnati street car cost to residents of Butler County, outside of Hamilton County and the City of Cincinnati is absurd. We did not vote to approve this project, this project does not benefit us in any way. The cost for this project should lie solely on the residents of the city and county that approved it and is moving forward with this project. I will be writing our county and state representatives as well about this potential injustice.

Re: Michael Hammerle
32 Robin Way

Amelia, OH 45102

Docketing Case No.: 12-1685-GA-AIR

Notes:

In reference to Duke's request to raise rates again, when are they going to stop. Times are not getting better and raising my bill by 16+ dollars is not helping myself or my family while Duke's profits seem to continue to rise. Enough is enough, and whats worse we the people are stuck with one company to deal with, there is no other game in town to hook up to my house to keep Dukes prices competitive. After all of the news about the stupid streetcar in cincinnati this is nothing more than another money grab to help duke fund it, let them pay for it in the city not out of my bill.

Please docket the attached in the case number above.

COMMENT DESCRIPTION:

Dear PUCO, I am writing you in regards to the proposed increase in my G&E billed services provided by Duke Energy of Cincinnati. Utility bills should not be used to collect charges from customers that governmental entities are responsible for. Duke should not be allowed to charge residential customers for unreasonable or unjustified costs. Duke has not justified its proposed increases in distribution rates. I am not willing to pay for StreetCar line changes. The Streetcar will not benefit all. Sincerely, Harriette Stroud

Hamilton, OH 45011

Docketing Case No.: 12-1682-EL-AIR

Notes:

>Duke Energy has submitted or is preparing to submit the Facilities Relocation Mass Transportation Rider (Rider FRT) in an attempt to tax those out of area for projects any government entity needs done. I have searched this site for a filing but cannot find one so I assume it hasn't been submitted. I strongly disagree with this request as it is beyond unethical, definitely illegal and goes directly against this nations principals of taxation without representation. PLEASE DENY THIS REQUEST. I would appreciate a response with the docket number if available.

COMPLAINT DESCRIPTION:

News reports indicate Duke is considering charging outside Hamilton County for the costs associated with the Cincinnati rail utilities relocation. This is unacceptable & cannot be approved. Government approval of theft must be stopped.

COMPLAINT DESCRIPTION:

We, (that being wife,son,and daughter,and myself) are totaly disgusted that Duke Energy is asking for a rate increase to cover cost of underground utilities relocation. The Cincinnati street-car is a plan put into place by the mayor of Cincinnati, and trying to get Duke Energy to pass a rate increase onto all customers. The street-car is in fact opposed by many who feel (as I) that it goes no-where, and will serve a few and cost so much! When the city finds out about the cost of maintaining the street-car, are you going to allow Duke Energy another rate increase? Are the cars themselves built in the U.S. I doubt it.

Re: Ed Leonard

, 00000

Docketing Case No.: 12-1682-EL-AIR

I DO NOT want to pay a higher gas and electric bill to pay for moving utilities so a streetcar can run in Cincinnati. I live in Clermont County and go to downtown Cincinnati maybe once in every two years. Let the people whose businesses will be improved by the streetcar pay for it.

Ed Leonard
