Re: Brian Widolff
8155 Jordan Ridge Dr

Cleves, OH 45002

Docketing Case No.: 12-1682-EL-AIR

Notes:

Why is the only public hearing for western Hamilton County regarding the proposed rate hike held downtown during the DAYTIME when people work?? All the other areas have evening times.

My husband and I are against more rate hikes by DUKE Energy- especially one of this magnitude- even though we can't make this hearing (because we don't work in the downtown area) we would like to be counted as opposing said rate hike.

Please docket the attached in the case number above.

COMPLAINT DESCRIPTION:

Duke Energy's efforts to increase rates for electric and natural gas. Duke is looking to increase electric revenues by \$86 million and gas revenues by almost \$45 million. This is mainly to support the Street Car Issue in Hamilton County. I am a Butler County resident and had no vote in this Street Car Issue. The majority of the taxpayers in Hamilton County want the Street Car stopped. Duke has managed to pass off all their stuff on ratepayers here. They pulled the wool over the PUCO's eyes when they purchased Cinergy and we have been paying ever since with no representation. I have never complained before, but now I find it impossible not to speak up. I would give anything to be on the PUCO Board to represent people in the State of Ohio who feel the same. Respectfully, William T. Slack
