Docketing Case No.:12-1682-el-air

Notes:

There is absolutely no justification for any electrical rate increase to be passed along to Butler County residents for the fiasco that is the Cincinnati street car! This would be totally unfair to Butler County residents and the entire street car idea is the most idiotic imaginable.

Please docket the attached in the case number above.

Middletown, OH 45042

Docketing Case No.:12-1682-el-air

Notes:

I noticed an article in the Middletown Journal which stated Duke Energy wants to raise rates on its customers in Butler and surrounding counties if they (Duke) are forced to pay for moving the electric lines in Cincinnati over that street car fiasco. My rates are high enough. My electric bill is my second highest monthly bill (mortgage being first). I'm retired and can't afford my bill to keep going up every time Duke feels like it. Cincinnati made a moronic decision to waste money on street cars and Duke should not expect to pick up the tab but if the court says they must, it is even more moronic for those of us who don't even live in Cincinnati to pay for that stupidity. Duke should not get to raise rates for ANY reason. Words don't express how ticked off I am if Duke is allowed anymore rate increases for any reason.

Please docket the attached in the case number above.

COMMENT DESCRIPTION:

This purposes rate hike by Duke Energy MUST NOT go through! Duke Energy needs to make cuts just like any other company does to keep revenues. What other CEO makes \$44,000,000 for one day of work when it purchases a competitor? Duke Energy's CEO that's who! Why not ask their CEO to take a nominal cut in his pay to keep revenues! This nation, this state especially is still trying to recover from the hardest recession is the Great Depression. Having us pay more for our electric and gas needs is only going to create more issues and make more people in Ohio fall behind in their bills, we already pay well over \$3.00 per gallon for fuel. Allowing this rate hike will cause more issues with Ohio, especially Cincinnati residents and area residents. Duke should reduce the number of PIKE electric trucks from

coming up from its home state of North Carolina for "training purposes". They house the. In an Eastgate hotel while they are "training", and its still costing us more money. This rate hike will put many families such as myself in more DEBT!!! Stop this senseless act and continued rate hikes dead in there tracks, I have already seen my bill continually increase every year since Duke Energy bought out Cinergy formerly Cincinnati Gas & Electric. I am a veteran from Iraq and my family is on limited income, and like many families can't afford another rate hike. Tell Duke to cut its fat before asking for more money. This is BULL and should not be allowed! Do what's in the best interest of the people of Ohio, especially SOUTHWEST OHIO!!!! At some point COMMON SENSE HAS TO REIGN SUPREME OVER GREED!!! I have already done the most I need to do as far as reduce my electric bill as much as possible, as well as my gas costs. This rate hike will cause me to pay more for both gas and electric, NOW YOU TELL ME IS THAT FAIR JUST BECAUSE I HAVE A GAS WATER HEATER AND FURNANCE AND ELECTRICITY THWT I HAVE TO PAY DOUBLE FOR WHAT MY HOUSE HAS IN IT! I don't even own this damn home so as a tenant why should I pay more and make my family suffer! MAKE DUKE CUT THE FAT FROM THEIR POCKET BOOKS AND REVENUES BEFORE YOU ASK PEOPLE TO SHELL OUT MORE MONEY THAT THEY DO T FREAKING HAVE! If you allow this rate hike you will no better than the terrorist I fought in Iraq to protect this country and this state from oppression and tyrants like Duke Energy, and you should be ashamed of yourselves that you are benefiting from this rate hike! How about not robbing Peter to pay Paul!

COMMENT DESCRIPTION:

I "do not" think it is fair to charge people who "did not" get a say in the streetcar extra for something they don't want and aren't going to use. Let the people in the district that voted on it pay for it.
