Docketing Case No.: 12-1682-EL-AIR

Notes:

Please docket the attached in the case number above.

>I would like to express my concern over the proposed rate increase by Duke Energy to recover costs associated with the Cincinnati Streetcar issue. It is unfair and inappropriate to expect those citizens living outside of the City of Cincinnati and Hamilton County to pay for costs of 10 million dollars because politicians in the City of Cincinnati have a desire to have streetcars in their city. I have read the costs for this project would be in the tens of millions of dollars. What benefit is it to the citizens of Butler County? I along with most residents will not be driving to downtown Cincinnati for any foreseeable reason. The City should reimburse Duke Energy for their costs not us. It is an unfair burden on the customers. I urge you to deny the request to increase fees by Duke.
