COMMENT DESCRIPTION:

I want to register my vote against Duke Energy having any contractual ability (contract language) stating Duke can in any way pass on costs to Butler County residents for anything related to Cincinnati's future streetcar project. My husband and I purposely chose to build our home in 2001 and to spend our money (cars, entertainment, etc.) in Butler County, and more specifically NOT in Hamilton County, due to our disagreement with how Cinti and Hamilton County spends taxpayer money. We believe the Streetcar Project is a boondoggle that will cost taxpayers forever by always running in the red financially, and therefore want no part in paying for it's creation. Please do not agree to Duke's request. Cases 12-1685-GA-AIR and 12-1682-EL-AIR

COMMENT DESCRIPTION:

Dear Representative,

RE: Cases 12-1685-GA-AIR and 12-1682-EL-AIR;

Please note my disapproval and objection to increasing gas and electric utility rates. I sincerely object to the increases going to fund the streetcar project in downtown Cincinnati.

I would ask for a response to my message and call on the authority to reject the price increases.

Best regards,

James B. Zambello

COMMENT DESCRIPTION:

Comment concerning Transportation rider from Duke and the City of Cincinnati. (cases 12-1685-GA-AIR and 12-1682-El-AIR) If the PUCO rubber stamps these riders, it will be another example of what is wrong with this country. Just another bureaucratic department that doesn't understand the concept of no taxation without representation.
