System Improvement Charge in the Lake Erie)	
Division)	

**AMENDMENT TO APPLICATION FOR AUTHORITY TO COLLECT A
SYSTEM IMPROVEMENT CHARGE IN AQUA OHIO'S LAKE ERIE DIVISION**

On March 5, 2013, Aqua Ohio, Inc. ("Aqua") filed its Application in the above-captioned case. Aqua hereby files the following amended exhibits and schedules:

Exhibit A Proposed Newspaper Notice in the service territory of the filing of the System Improvement Charge Application.

Exhibit C The following schedules:

- 10. Revenue distribution
- 11. Proposed customer notice to be contained with or on the customer's first bill containing the surcharge.

The Amendment updates certain figures in Schedule 10 and places the customer and newspaper notices under the proper headings. Aqua's witness, Richard Hideg, continues to support the updated schedules, with a single revision to his testimony: on page 2, line 7, of his testimony, the number "481,849" should replace the number "475,171," to reflect the revision to Schedule 10. Otherwise, the Application itself, the content of the notices themselves, and all other exhibits remain unchanged.

Dated: March 12, 2013

Respectfully submitted,

LEGAL NOTICE

Lake Erie Division

AQUA OHIO, INC., NOTICE OF APPLICATION TO ASSESS A SYSTEM IMPROVEMENT CHARGE BEFORE THE PUBLIC UTILITIES COMMISSION OF OHIO

Public notice is hereby given that on March 4, 2013, Aqua Ohio, Inc. filed with the Public Utilities Commission of Ohio an application entitled "In the Matter of the Application of Aqua Ohio, Inc., For Authority to Assess a System Improvement Charge in the Lake Erie Division." The case number of the proceeding before the Public Utilities Commission of Ohio is 13-XXXX-WW-SIC.

A copy of the application is available for inspection at the Lake Erie Division, located at 8644 Station Street, Mentor, Ohio 44060-4316. Additionally, a copy of said application is available for inspection at the offices of the Public Utilities Commission of Ohio located at 180 East Broad Street, Columbus, Ohio 43266-0573. The filing may also be viewed online at the Commission's docketing department website www.ohio.gov/puco/docketing/index.cfm.

In its application, the Company seeks to avail itself of the authority set forth in Ohio Revised Code section 4909.172 to assess a monthly system improvement charge on all metered and fire service customers. The purpose of the surcharge is to recover costs incurred related to replacement of certain qualifying infrastructure improvements, totaling more than **\$2.4 million**, to its water distribution system since the last rate increase or system improvement charge approved by the Public Utilities Commission of Ohio. The application, if granted in full, will result in an additional \$1.00 per month for an average residential customer using 5,300 gallons of water per month. The proposed surcharge would equal three percent of the total water service bill of each customer and customers can contact the applicant toll-free at 877.987.2782 with any questions concerning the application.

Any person, firm, corporation or association may file comments regarding the proposed application with the Public Utilities Commission of Ohio. Any comments must be filed with the Public Utilities Commission of Ohio by XXXX XX, 2013.

CUSTOMER NOTICE: SYSTEM IMPROVEMENT CHARGE

Senate Bill 44, which became Ohio law on January 6, 2004, created an infrastructure improvement surcharge, known as the System Improvement Charge (SIC), to assist water companies to fund the replacement and rehabilitation of infrastructure including aging water mains that are crucial to service reliability and water quality. The surcharge may not exceed three (3%) percent per year.

With the Environmental Protection Agency estimating that approximately \$335 billion is needed to address water system infrastructure throughout the country over the next 20 years, SIC is important legislation which will allow water companies such as Aqua Ohio, Inc. to accelerate the replacement of old water mains to improve water quality, pressure, flow and long-term system viability. It transforms your infrastructure rehabilitation program from reactive to proactive and allows customers to pay as the work is being completed.

Aqua Ohio, Inc. filed an application on March xx, 2013 with the Public Utilities Commission of Ohio (PUCO) in Case No. 13-0000-WW-SIC seeking approval to assess and collect a SIC in its Lake Erie Division. The purpose of seeking authority to assess and collect a SIC in its Lake Erie Division is to recover costs related to certain qualifying infrastructure improvements totaling more than \$2.4 million, primarily water main replacements, to Aqua Ohio, Inc.'s distribution system since the last rate case. After conducting an investigation into the application, the PUCO approved Aqua Ohio, Inc.'s request on Xxxx xx, 2013. The PUCO approved the assessment of a surcharge of three (3%) percent to your monthly bill. The surcharge will appear on billings on or after Xxxx xx, 2013. The SIC approved by the PUCO will result in the average residential customer bill being increased by an additional charge in the amount of one dollar (\$1.00) per month for an average residential customer using 5,300 gallons of water per month.

The surcharge will continue to appear on future bills and may be adjusted or eliminated based on the findings of the PUCO.

If you have any questions concerning the impact of the surcharge on your bill, or have any questions regarding SIC, please call Aqua Ohio at 877-987-2782.
