AT&T OHIO'S MOTION TO DISMISS

AT&T Ohio¹, Respondent herein, pursuant to Ohio Admin. Code §4901-1-12, moves to dismiss the captioned Complaint for Complainant's failure to comply with the Entry adopted on February 11, 2013 and for lack of sufficient prosecution. The Complainant failed to timely comply with the February 11, 2013 Entry. On March 12, 2013 the Complainant filed a rambling response that repeats many of the same bizarre allegations that he has made since the inception of this case. Importantly, the response does not mention AT&T's local telephone service, or its practices related to that service, which would be an appropriate subject matter of a complaint. The Complainant ignores the limitations on the Commission's jurisdiction that it specified in its Entry adopted on February 29, 2012. Similarly, allegations concerning government spying, computer hacking, cyberterrorism, home break-ins, brain implants, the NSA, FBI, the Athens County Sheriff and the like are outside the Commission's authority to address and resolve. All of these matters are outside the scope of R. C. § 4927.21(A). *See*, Entry,

¹ The Ohio Bell Telephone Company is a public utility in Ohio and provides certain Commission-regulated services and other non-regulated services. The Ohio Bell Telephone Company uses the name AT&T Ohio, which is used in this pleading.

February 29, 2012, p. 5. The Commission should not expend its resources to address this case any further. It should not require AT&T Ohio to do so either. The case should be dismissed.

Respectfully submitted,

AT&T Ohio
