### PETITION FOR REALLOCATION OF ELECTRIC SERVICE TERRITORY

Submit the original and five (5) copies of the petition and associated metes & bounds / detailed description, map and/or overlap sheets indicating proposed reallocation.

Affected PUCO Map No(s):	1-32 Kensington
--------------------------	-----------------

County(s):	Columbiana	Township(s):	Franklin
------------	------------	--------------	----------

Reason for Reallocation:	See attached.
--------------------------	---------------

Metes & Bounds / Detailed Description of Reallocation:	The location is just east of 8194 Trout Rd. Kensington, OH 44427. The above address is for Rusty and Lisa Grubbs who Carroll Electric Coop. currently provides electric service. Starting at 40.722368 N, -80.917003 W (a corner point along the Pennsylvania Rail Road where Carroll Electric Coop. and Ohio Edison's service territory intersect) head SE along the R.R. tracks for 3146' to 40.715689 N, -80.910193 W. This is another point along the Pennsylvania Rail Road where Carroll Electric Coop. and Ohio Edison's service territory intersect. This would allow Carroll Electric to serve everything west of the railroad tracks.

## PETITION FOR REALLOCATION OF ELECTRIC SERVICE TERRITORY

Requesting Electric Supplier: Carroll Electric Cooperative, Inc

### Reason for Reallocation:

The requested electric service by M3 Midstream, LLC ("Momentum") is located in the SW quarter of section 3 of Franklin Township in Columbiana County. This site is located within Ohio Edison's defined service territory. Momentum has leased a one-acre parcel from landowner Rusty Grubbs. This petition for reallocation of electric service territory is to allow Carroll Electric Cooperative to serve this one-acre parcel as well as additional Grubbs property in Columbiana County, adding to its existing service to other Grubbs' property. Carroll Electric Cooperative can serve this small account more quickly and economically than Ohio Edison at a lower cost to the customer. Ohio Edison has no public right-of-way route available and it would likely be necessary to seek an appropriation proceeding to exercise the power of eminent domain in order to cross the property of an uncooperative landowner. In addition, there are existing railroad lines which would need to be crossed that would pose a challenge in bringing Ohio Edison electric service to the Grubbs property.
