EXHIBIT C

Description of the Changes

In this Application, Benton Ridge Telephone Company requests BLES pricing flexibility to increase its residential local rate by \$1.25 per month in its Benton Ridge, New Bavaria, and North Creek exchanges. This flexibility is needed to meet the Universal Service Fund “urban rate floor” set forth in the FCC’s USF/ICC Transformation Order (FCC 11-161).

Effective July 1, 2012, incumbent local exchange carriers receiving Federal high-cost support had that support reduced if their residential basic local rates were less than \$10.00 per month. Effective July 1, 2013, the threshold will be increased to \$14.00. On July 1, 2014, the threshold will be set according to a new nationwide survey. The last survey was done in 2007, and the average rate then was \$15.62. The surveyed rates have gradually increased over the years, and Benton Ridge believes that the rate used for the July 1, 2014, rate floor will probably be higher than \$15.62.

Benton Ridge’s current residential rate is \$15.05 per month. BLES pricing flexibility will make it less likely that Benton Ridge will experience a reduction in Federal high-cost support in 2014 and future years.

Benton Ridge currently serves 778 residential customers. Benton Ridge does not plan to increase any other rates at this time.

EXHIBIT D

Customer Notice and Affidavit

The following customer notice will appear on bills that are mailed to customers on May 1, 2013. This notice will also be sent to the Office of Ohio Consumers' Counsel and to the Commission's electronic mailbox (Telecomm-Rule07@puc.state.oh.us) no less than thirty days prior to the rate increase:

Effective June 1, 2013, our local telephone rate for residential customers will increase by \$1.25 per month, from \$15.05 to \$16.30. Many rural telephone companies, including Benton Ridge Telephone Company, receive support from the Federal Universal Service Fund. New rules reduce such support if a telephone company's local rates are below the national average. The \$1.25 increase is necessary to bring our residential local rates more in line with the national average and to avoid a reduction in our Federal Universal Service Fund support.

Our last increase in residential local rates was more than 27 years ago.

If you have any questions, please call our office at 611 or (419) 859-2144.

The following affidavit will be prepared and filed with the Commission after the customer notice is provided to customers on May 1, 2013:

I, _____, am an authorized agent of the applicant corporation, Benton Ridge Telephone Company, and am authorized to make this statement on its behalf. I attest that the customer notice accompanying this affidavit was sent to affected customers as a bill message on May 1, 2013, in accordance with Rule 4901:1-6-07, Ohio Administrative Code. I declare under penalty of perjury that the foregoing is true and correct.

EXHIBIT E

Demonstration of Alternative Providers

Pursuant to R.C. 4927.12(C)(3)(a) and Ohio Administrative Code 4901:1-6-14, Benton Ridge Telephone Company may not increase its BLES rates for an exchange area unless it first applies to the Public Utilities Commission of Ohio and the Commission determines that the application demonstrates that two or more alternative providers offer, in the exchange area, competing service to the BLES service offered by the company, regardless of the technology and facilities used by the alternative provider, the alternative provider's location, and the extent of the alternative provider's service area within the exchange area. An alternative provider, under R.C. 4927.12(C)(3)(a), includes a telephone company, including a wireless service provider, a telecommunications carrier, and a provider of internet protocol-enabled services, including voice over internet protocol.

The Commission has not previously determined that Benton Ridge Telephone Company's exchanges qualified for alternative regulation of BLES.

In accordance with R.C. 4927.12(C)(3)(a), the attached information demonstrates that two or more alternative providers offer competing service to the BLES service offered by Benton Ridge Telephone Company in its three exchanges, namely Verizon Wireless, AT&T Mobility, Sprint, Alltel Wireless, and Vonage service using WildBlue's satellite network.

This tool provides high-level estimates of our wireless coverage. Coverage is not available everywhere and varies based on a number of factors.

[>> Learn more](#)

Our coverage maps provide high-level estimates of our coverage areas when using your device outdoors under optimal conditions. Coverage isn't available everywhere. Estimating wireless coverage and signal strength is not an exact science.

There are gaps in coverage within our estimated coverage areas that, along with other factors both within and beyond our control (network problems, software, signal strength, your wireless device, structures, buildings, weather, geography, topography, etc.), will result in dropped and blocked connections, slower data speeds, or otherwise impact the quality of services.

Services that rely on location information, such as E911 and GPS navigation, depend on your device's ability to acquire satellite signals (typically not available indoors) and network coverage. E911 services also depend on local emergency service provider systems/support. Estimated future coverage subject to change.

abnormal use, including but not limited to: the number of unique numbers called, calls forwarded, minutes used and other factors. Subject to our Reasonable Use Policy and Terms of Service..

*Shipping and/or activation fees may be waived with 1-year agreement. An Early Termination Fee (with periodic pro-rated reductions) applies if service is terminated before the end of the first 12 months. Additional restrictions may apply. See Terms of Service for details.

HIGH SPEED INTERNET REQUIRED. † VALID FOR NEW ACCOUNTS ONLY. RATES EXCLUDE INTERNET SERVICE, SURCHARGES, FEES AND TAXES. If you subscribe to plans with monthly minutes allotments (for example, U.S. & Canada 300), all call minutes placed from both your home and registered Extensions® phones will count toward your monthly minutes allotment. Extensions® calls made from mobiles use airtime and may incur surcharges, depending on your mobile plan. ‡Where available. The number transfer process takes approximately 10 business days from the time you confirm your transfer request. Alarms, TTY and other systems may not be compatible. Vonage 911 service operates differently than traditional 911. See www.vonage.com/911 for details.

‡Refer-A-Friend® Program: The Referrer will receive a 2-month credit of their monthly service fee and the Referee will receive a one-month credit of their monthly service fee (up to \$64.99 of credit per month) after the Referee has stayed with Vonage for 60 consecutive days. Credit excludes additional charges including but not limited to charges for per-minute calling and additional or premium services or features. Cancellation by either Referrer or Referee before 60 days from the date Referee subscribes to Vonage will result in the loss of and/or chargeback of associated credits. Credit has no cash value, is non-refundable and non-transferable. Certain types of referrals, including but not limited to, referring yourself or someone living in the same residence as you, are prohibited. Offer, prices and charges are subject to change without notice. Other terms and conditions may apply. See plan for details. Void where prohibited. Vonage purchases made at retail are not eligible for the Refer-A-Friend® program. Offer cannot be combined and is subject to restrictions and limitations.

⁂Supports English or Spanish voicemails only. Up to one minute in length. © 2013 Vonage Marketing LLC. All Rights Reserved.
