# Notice of Proposed Major Utility Facility (Pipeline Replacement)

Dominion East Ohio proposes to replace approximately 9,200 feet of 8-inch, high pressure, bare steel pipe line with 12-inch high pressure coated steel pipe line, and to replace 1,397 feet of medium pressure 4-inch bare steel pipe line with 4-inch medium density plastic. There will be 16 service lines affected by construction. This replacement project will involve Southway Street SW, from Harcrest Avenue to Genoa Avenue, in the City of Massillon and Perry Township, Stark County.

The location of the planned replacement pipe line is shown on the map below:

A Letter of Notification has been filed with the Ohio Power Siting Board (Board) as Case No. 13-1108-GA-BLN in order to construct, operate and maintain the replacement pipe line described above.

The following public officials were served a complete copy of the Letter of Notification:

City of Massillon Mayor Kathy Catazaro-Perry, City of Massillon Department of Safety, James R. Johnson, City of Massillon Engineer, Keith A. Dylewski, P.E., P.S., Stark County

Commissioners Janet Weir Creighton, Richard Regula and Tom Bernabei (in care of County Administrator Michael E. Hanke), Bob Nau Stark County Regional Planning Commission

The Massillon Public Library, 208 Lincoln Way East, Massillon, Ohio 44646 has a copy of the Letter of Notification that can be viewed by members of the public. Dominion East Ohio at its office at 4725 Southway Street SW, Canton, Ohio 44706 also has a complete copy of the Letter of Notification for viewing by members of the public. A copy of the Letter of Notification can also be located at Dominion East Ohio's web page at <https://www.dom.com/dominion-east-ohio/>. In addition, copies of all filings in the case can be located at the Ohio Power Siting Board website at (<http://www.opsb.ohio.gov>) by scrolling down to "Power Siting Board Cases" and selecting "Letters of Notification" then selecting "Gas Letters of Notification" and finally selecting the case by company's name or docket number.

Affected persons may file comments or motions to intervene in this matter with the Board up to ten (10) days following the publication of this notice. Comments or motions should be addressed to the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 and cite Case No. 13-1108-GA-BLN.

The Ohio Power Siting Board will review the Letter of Notification in accordance with Ohio Revised Code Section 4906.10(A) which states that the Board shall not grant a certificate for the construction, operation, and maintenance of a major utility facility, either as proposed or as modified by the Board, unless it finds and determines all of the following: (1) The basis of the need for the facility; (2) The nature of the probable environmental impact; (3) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives, and other pertinent considerations; (4) In the case of an electric transmission line, that the facility is consistent with regional plans for expansion of the electric power grid of the electric systems serving this state and interconnected utility systems and that the facility will serve the interests of electric system economy and reliability; (5) That the facility will comply with Chapters 3704., 3734., and 6111. of the Revised Code and all rules and standards adopted under those chapters and under Sections 1501.33, 1501.34, and 4561.32 of the Revised Code. In determining whether the facility will comply with all rules and standards adopted under Section 4561.32 of the Revised Code, the board shall consult with the office of aviation of the division of multi-modal planning and programs of the department of transportation under Section 4561.341 of the Revised Code; (6) That the facility will serve the public interest, convenience, and necessity; (7) In addition to the provisions contained in divisions (A)(1) to (6) of this section and rules adopted under those divisions, what its impact will be on the viability as agricultural land of any land in an existing agricultural district established under Chapter 929 of the Revised Code that is located within the site and alternative site of the proposed major utility facility; rules adopted to evaluate impact under Division (A)(7) of this section shall not require the compilation, creation, submission, or production of any information, document, or other data pertaining to land not located within the site and alternative site; and (8) That the facility incorporates maximum feasible water conservation practices as determined by the board, considering available technology and the nature and economics of the various alternatives.
