Motion for protective order included with filing? ☐ Yes ☒ NoMotion for waiver(s) filed affecting this case? ☐ Yes ☒ No [Note: Waivers may toll any automatic timeframe.]**Notes:**Section I and II are Pursuant to Chapter 4901:1-6 OAC.Section III – Carrier to Carrier is Pursuant to 4901:1-7 OAC, and Wireless is Pursuant to 4901:1-6-24 OAC.

Section IV – Attestation.

(1) Indicate the Carrier Type and the reason for submitting this form by checking the boxes below.

(2) For requirements for various applications, see the identified section of Ohio Administrative Code Section 4901 and/or the supplemental application form noted.

(3) Information regarding the number of copies required by the Commission may be obtained from the Commission's web site at www.puco.ohio.gov under the docketing information system section, by calling the docketing division at 614-466-4095, or by visiting the docketing division at the offices of the Commission.

(4) An Incumbent Local Exchange Carrier (ILEC) offering basic local exchange service (BLES) outside its traditional service area should choose CLEC designation when proposing to offer BLES outside its traditional service area or when proposing to make changes to that service.

All Filings that result in a change to one or more tariff pages require, at a minimum, the following exhibits.

Exhibit	Description:
A	The tariff pages subject to the proposed change(s) as they exist before the change(s)
B	The Tariff pages subject to the proposed change(s), reflecting the change, with the change(s) marked in the right margin.
C	A short description of the nature of the change(s), the intent of the change(s), and the customers affected.
D	A copy of the notice provided to customers, along with an affidavit that the notice was provided according to the applicable rule(s).

Issued by the Public Utilities Commission of Ohio

Ken Miller, General Manager
Ridgeville Corners, Ohio

EXHIBIT C

(Description of Changes)

In this application, The Ridgeville Telephone Company requests BLES pricing flexibility to increase its BLES rates for both business and residential customers by \$1.25 per month in its Exchange. Obtaining flexible pricing at this point in time is essential for the Company to make progress in reaching the Universal Service Fund “urban rate floor” set forth in the FCC’s USF/ICC Transformation Order (FCC 11-161).

Effective July 1, 2012, incumbent local exchange carriers receiving Federal high-cost support had that support reduced if their residential basic local rates were less than \$10.00 per month. Effective July 1, 2013, the threshold will be increased to \$14.00. On July 1, 2014, the threshold will be set according to a new nationwide survey. The last survey was done in 2007, and the average rate then was \$15.62. The surveyed rates have gradually increased over the years, and Ridgeville believes that the rate used for the July 1, 2014, rate floor will probably be higher than \$15.62.

EXHIBIT D

(Customer Notices)

The following customer notice will appear on bills that are mailed to Ridgeville Corners Exchange customers on June 1, 2013. This notice will also be sent to the Office of Consumers' Counsel and to the Commission's electronic mailbox (Telecomm-Rule07@puc.state.oh.us) no less than thirty days prior to the rate increase:

Effective July 1, 2013, our local telephone rates for residential and business customers will increase by \$1.25 per month from \$6.25 to \$7.50 for residential customers and from \$10.95 to \$12.20 for business customers. Many rural telephone companies, including Ridgeville Telephone Company, receive support from the Federal Universal Service Fund. New rules reduce such support if a telephone company's local rates are below the national average. The \$1.25 increase is necessary to bring our local rates more in line with the national average and to avoid a reduction in our Federal Universal Service Fund Support.

If you have any questions about the revised rates, please call our office at (419) 267-5185.

The following customer notice will appear on bills that are mailed to Evansport, Archbold, Gerald, Wauseon and Napoleon Exchange customers on June 1, 2013. This notice will also be sent to the Office of Consumers' Counsel and to the Commission's electronic mailbox (Telecomm-Rule07@puc.state.oh.us) no less than thirty days prior to the rate increase:

Effective July 1, 2013, our local telephone rates for residential and business customers will increase by \$1.25 per month from \$9.50 to \$10.75 for residential customers and from \$15.95 to \$17.20 for business customers. Many rural telephone companies, including Ridgeville Telephone Company, receive support from the Federal Universal Service Fund. New rules reduce such support if a telephone company's local rates are below the national average. The \$1.25 increase is necessary to bring our local rates more in line with the national average and to avoid a reduction in our Federal Universal Service Fund Support.

If you have any questions about the revised rates, please call our office at (419) 267-5185.

CUSTOMER NOTICE AFFIDAVIT

AFFIDAVIT

I, Kathy Hobbs, am an authorized agent of the applicant corporation, The Ridgeville Telephone Company, and am authorized to make this statement on its behalf.

I attest that the customer notices accompanying this affidavit were sent to affected customers as a bill message on June 1, 2013, in accordance with Rule 4901:1-6-07, Ohio Administrative Code. I declare under penalty of perjury that the foregoing is true and correct.

Executed on (Date) May 31, 2013 at (Location) Columbus, Ohio

Signature:

Kathy Hobbs

EXHIBIT E

(Demonstration of Alternative Providers)

Pursuant to R.C. 4927.12(C)(3)(a) and Ohio Administrative Code 4901:1-6-14, Ridgeville Telephone Company may not increase its BLES rates for an exchange area unless it first applies to the Public Utilities Commission of Ohio and the Commission determines that the application demonstrates that two or more alternative providers offer, in the exchange area, competing service to the BLES service offered by the company, regardless of the technology and facilities used by the alternative provider, the alternative provider's location, and the extent of the alternative provider's service area within the exchange area. An alternative provider, under R.C. 4927.12(C)(3)(a), includes a telephone company, including a wireless service provider, a telecommunications carrier, and a provider of internet protocol-enabled services, including voice over internet protocol.

The Commission has not previously determined that Ridgeville Telephone Company's exchanges qualified for alternative regulation of BLES.

In accordance with R.C. 4927.12(C)(3)(a), the attached information demonstrates that two or more alternative providers offer competing service to the BLES service offered by Ridgeville Telephone Company in its exchanges, namely Verizon Wireless, AT&T Mobility, Alltel Wireless and Sprint.

Important Information About the Coverage Map

Map may include areas served by unaffiliated carriers, and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber.

Coverage Check

Coverage details for

[en español](#)

RIDGEVILLE CORNERS, OH 43555

Voice coverage experience

[en español](#)

- Sprint coverage
- Sprint coverage - signal strength varies
- Off-network roaming
- No coverage

This tool provides high-level estimates of our wireless coverage. Coverage is not available everywhere and varies based on a number of factors.
[>> Learn more](#)

Our coverage maps provide high-level estimates of our coverage areas when using your device outdoors under optimal conditions. Coverage isn't available everywhere. Estimating wireless coverage and signal strength is not an exact science.

There are gaps in coverage within our estimated coverage areas that, along with other factors both within and beyond our control (network problems, software, signal strength, your wireless device, structures, buildings, weather, geography, topography, etc.), will result in dropped and blocked connections, slower data speeds, or otherwise impact the quality of services.

Services that rely on location information, such as E911 and GPS navigation, depend on your device's ability to acquire satellite signals (typically not available indoors) and network coverage. E911 services also depend on local emergency service provider systems/support. Estimated future coverage subject to change.
