In that order, the Commission found that Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company (collectively, FirstEnergy or the Companies) should file annually an application for the review of the Companies' Generation Service Rider (Rider GEN).
- (2) On May 1, 2013, the Companies filed an application for the review of Rider GEN, a request that the Commission approve the Companies' proposed Rider GEN, as well as tariffs to reflect the changes to Rider GEN which automatically took effect June 1, 2013.
- (3) Thereafter, on May 30, 2013, the Commission's Staff (Staff) filed comments on the Companies' application. In its comments, Staff states that it performed an audit of the tariff pages presented by the Companies and finds the submitted tariff pages and tariff rates for Rider GEN to be prudent and reasonable. Staff further recommends that the Commission approve the application.

ORDERED, That FirstEnergy be authorized to file in final form four complete copies of the tariff pages consistent with this entry and to cancel and withdraw its superseded tariff pages.
