Re: **Ron Mosley vs. The Dayton Power and Light Company**
Case No. 97-1515-EL-CSS
Request for Settlement Conference

Dear Mr. Sheets:

In March 1998 DP&L met with the Complainant in response to the pre-hearing settlement conference which had occurred at the beginning of the year. As a result of that conference DP&L resolved many of the issues raised in Mr. Mosley's complaint. To reflect this agreement Mr. Mosley signed a settlement and release (copy enclosed) which purports to resolve all billing, metering and deposit issues raised in this Complaint. However, as a result of a recent telephone conversation with Mr. Mosley, I believe Mr. Mosley still has some residual questions which should be addressed to fully and completely resolve all issues under his Complaint.

I believe a second pre-hearing settlement conference might facilitate a full and complete resolution of any of the yet unresolved issues Mr. Mosley may have with DP&L. I am therefore requesting that you schedule such a pre-hearing settlement conference to provide the parties another opportunity for an amicable settlement. Bill Brown was the Attorney Examiner who facilitated the first pre-hearing settlement conference.

If I can provide you with any further information regarding this request, please feel free to contact me at (937)259-7103.

Sincerely,

Timothy G. Rice
