RE 8-9-2013

Case # 12-20501-EL-ORD
PUCO

I spoke to Betty on August 8, 2013
in regards to opting out of having
a electric smart meter installed on my
property at 337 Darbyhurst RD Col's Oh 43228

I feel that the smart meter is
dangerous to the health of all
citizens. My research shows that
22,000+ spiked pulses of RF
radiation going off all day and all
night and you cannot turn it off.

This is enforced exposure to a
World Health Organization Class 2B
carcinogen - RF microwave radiation.

Media blackout is no indication
of anything but the power and money
and the wireless industry. Do you
want them in your home? This time

I say no. SmartMeterDangerous.ORG
Please reply to this request.

Thank You

Susan Gates
