QUESTION DESCRIPTION:

I would like to know why the PUCO would even consider okaying D P & L 's request to charge customers for their dividing their company into two departments . Who then will allow D P & L to charge an additional charge to customers on their bill for the operation of the two separate departments. How much more will the PUCO allow the D P & L company to stick it to us so they can line their pockets. Look at what they pay themselves and you will see they don't need this and it should not be allowed. To do so brings in question as to who the PUCO is looking out for in this request. I am asking for an answer about this. Respectfully submitted R O Kelso
