

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Joint Petition of)	
Ohio Power Company and)	
Ohio Edison Company)	Case No. 13-1903-EL-PEB
Requesting Revision to Territorial)	
Boundary Map.)	

ENTRY

The Commission finds:

- (1) Ohio Power Company (OP) and Ohio Edison Company (OE) are electric suppliers as defined in Section 4933.81, Revised Code.
- (2) Certification by the Commission of the territories of OP and OE was approved by entries in Case No. 78-1311-EL-ORD.
- (3) OP and OE have jointly petitioned the Commission to include overlap "C" by OP in OE's service territory in Wayne Township, Columbiana County, Ohio. Specifically, they request the following relocation:

On Quadrangle map I-33, include an overlap area "C" served by OP in OE territory as represented on the attached map and physically addressed as 39176 Dobson Mill Road, Lisbon, Ohio 44432.

- (4) In support of their request, OE states a new home is being placed on property with an established residence currently served by OP. Based on the location of the customer, OE has requested OP serve this customer as there are already facilities on the property. OP is willing to serve the customer and the customer is agreeable to being served by OP.
- (5) Section 4933.83(E), Revised Code, provides in pertinent part:

Notwithstanding the effectuation of certified territories established by or pursuant to sections 4933.81 to 4933.90 of the Revised Code, and the exclusive right of electric suppliers to serve within such territory, and

notwithstanding any other provisions of such sections establishing rights of electric suppliers to furnish electric service, any two or more electric suppliers may jointly petition the commission for the reallocation of their own territories and electric load centers among them and designating which portions of such territories and electric load centers are to be served by each of the electric suppliers.

- (6) No objections to the reallocation described in Finding (3) have been brought to the Commission's attention.
- (7) The Commission finds that granting the requested relief will promote the purposes of Sections 4933.81 to 4933.90, Revised Code, and will further promote the provision of adequate service to all territories and electric load centers affected by the relocation as required by Section 4933.83(E), Revised Code. Accordingly, the Commission finds that the joint petition is reasonable and should be approved.
- (8) The Commission, therefore, directs that the territorial boundaries of OP and OE be appropriately modified as delineated in Finding (3) and amends the maps of the certified territories accordingly.

It is, therefore,

ORDERED, That the request of OP and OE to overlap their territory boundary be granted. It is, further,

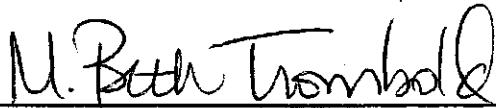

ORDERED, That the change on quadrangle map I-33, described in Finding (3), be approved to show the overlap change. It is, further,

ORDERED, That a copy of this Entry be served upon each party of record.
