September 2013

Ohio Edison has a right away of 150 feet wide through my property, ^{APP}during July & August of this year, 2013 that had a tree company clear this right away. I have no trouble with this because I know they have the right to do this. However, I expect them to clean up the mess of limbs and brush when they are finished. They left a big mess (as you can see from pictures I have included). They also used a chemical spray on the right away that killed all of the plant life. This was done after the brush was cut and I told them I didn't want chemicals used. They also knocked out a steel post corner property marker and cut a cherry tree that was three feet off of the right away.

I would like the limbs and brush to be chipped up and tree stumps cut out at ground level and grass to be re-sowed on the right away. Also, I would like them to replace the corner property marker that they destroyed.

The mess they have left has deprived me of using this land to ride my four wheeler on. They own a *right away*.....NOT the land!

Sincerely,

A handwritten signature in cursive script that reads "James L. Griffith". The signature is fluid and stylized, with the first and last names being more prominent.

James L. Griffith
