:

EMERGENCY MOTION FOR EXTENSION OF CERTIFICATES

Now comes Muirfield Energy, Inc. ("the Applicant"), by and through counsel, pursuant to Ohio Adm. Code 4901:1-27-09(A), 4901:1-27-02(B), and Ohio Adm. Code 4901:1-24-09(A), 4901:1-24-02(C), and hereby moves the Public Utilities Commission Of Ohio ("the Commission") for expedited orders extending the current expiration date of Applicant's Certificate No. 09-158G(2) as a Competitive Natural Gas Aggregator/Broker, and also, Applicant's Certificate No. 09-169E(2) as a CRES Power Aggregator/Broker, until at least October 30, 2013, on the grounds set forth in the accompanying Memorandum In Support and proposed Order.

Respectfully submitted,

Joseph S. Streb (0021786)
Attorney for Muirfield Energy, Inc.

MEMORANDUM IN SUPPORT

Applicant initially applied through Case No. 09-605-GA-AGG for a Competitive Natural Gas Aggregator/Broker certificate, and that application was granted effective on August 20, 2009. Further, Applicant applied for a Renewal of said Certificate on or about July 20, 2011, and that renewal application was granted as Certificate No. 09-158G(2), effective from August 30, 2011 to August 30, 2013.

Applicant initially applied through Case No. 09-604-EL-AGG for a CRES Power Aggregator/Broker certificate, and that application was granted effective on August 20, 2009. Further, Applicant applied for a Renewal of said Certificate on or about July 20, 2011, and that renewal application was granted as Certificate No. 09-169E(2), effective from August 30, 2011 to August 30, 2013.

Applicant moved to a new office location a few months ago, and Applicant experienced unexpected turn-over of employees within the recent past. As a result, the expiration date for the Certificates in question were not made known to the company's officers in a timely fashion. As soon as it was realized that the Certificates needed to be renewed, Applicant obtained legal counsel and proceeded forthwith to file this Motion. Further, concurrently herewith, Applicant has filed its Applications for renewal of its Certificates.

Applicant is extremely remorseful that its renewal Applications were not filed earlier. Applicant has missed no other filing deadlines. Applicant asserts that the extensions sought are in the best interests of its customers to ensure they receive continuous service from their chosen suppliers, while still allowing adequate oversight over the potential renewal of Applicant's Certificates.

CONCLUSION:

For all of the reasons set forth herein, this Motion should be granted in its entirety, and the Certificates of Muirfield Energy should be continued from August 30, 2013 until at least October 30, 2013 and during the time the Commission considers Muirfield Energy's Renewal Applications.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'J. Streb', is written over a horizontal line.
