Transmittal Letter
Revised Tariff Sheets Filed Pursuant to the
Commission's Order in Case No. 83-464-TP-COI
and
Case No. 90-5023-TP-TRF

Dear Ms. Crockron:

Revised tariff sheets have been filed with the FCC to amend GTOC Tariff FCC No. 1, Facilities for Interstate Access, in which GTE North Incorporated concurs for intrastate applications.

In accordance with your Commission's Order in Case No. 83-464-TP-COI, we are filing four (4) copies of these revised tariff sheets.

Transmittal No. 1261 - Effective July 1, 2000

This filing is being made in compliance with Sections 61.141 through 61.49 and 69.3 of the Federal Communications Commission's (Commission) Rules and Regulations wherein the GTOCS are required to annually adjust their Price Cap Index (PCI), Actual Price Index (API), and Service Band Index (SBI) values and incorporate the costs and rates of new services in the PCI, API and SBI calculations.

This filing also complies with the Commission's Fifth Report and Order, FCC 00-193, released May 31, 2000. Within this Order, the Commission adopted an integrated access reform and universal service proposal for price cap Local Exchange Carriers (LECs) put forth by the members of the Coalition of Affordable Local and Long Distance Service (CALLS).

In addition, pursuant to Special Permission No. 00-041 of the FCC, this filing includes material associated with the sale of exchanges to become effective on July 1, 2000. As a result of these sales, references to Iowa are being removed from GTOC-FCC No. 1 Tariff, and a concurrence in the GTOC FCC No. 2 Tariff is being established for Iowa Telecommunications Services, Inc. d/b/a Iowa Telecom for the state of Iowa.

Also as a result of these sales, this filing will establish concurrences in GTOC FCC No. 1 and FCC No. 2 for Citizens Communications Company for the state of Nebraska and for VALOR Telecommunications Southwest, LLC, for the state of Oklahoma.

Acknowledgement and date of receipt of this filing is requested.

Sincerely,

John W. Kennedy
Assistant Vice President-Regulatory
and Governmental Affairs

FACILITIES FOR INTERSTATE ACCESS

13. END USER FIA (Cont'd)

13.10 Rate Regulations

(A) When the end user's local service is provided by the Telephone Company, the end user will be charged the End User Access Charge. When end user local service is provided by a local service provider that resells local service (reseller), the reseller will be charged the End User Access Charge.

(B) Residence rates, as set forth in 13.11 following, apply to common lines that are subject to residential rates under Telephone Company General and/or Local tariffs.

End user residence common line rates and Primary Interexchange Carrier Charge (PICC), as shown in Section 12, are applied as primary or nonprimary.

Until January 1, 1999, the primary residence end user common line and PICC rates will apply to only one line when the customer has more than one line billed on a single account for the same service name at the same service address.

Effective January 1, 1999, the designation of primary and nonprimary will be changed as follows. The primary rate is assessed to the residential subscriber line which is any or all of the following:

- 1) the only line provided at that service address; or,
- 2) the first line installed at that location. Any additional residence exchange lines at the same service location, regardless of the named subscriber, will be assessed the nonprimary rate; or,
- 3) the line designated as the primary by the billed party or parties when multiple exchange lines are ordered at the same time for the same service location.

In most cases only one line at a service location can be classified primary, all others are considered to be nonprimary.

The primary residence end user common line charge shall be reduced by \$4.35 for lifeline service. (C)
