Thanks Jim,

Please advise the Board of the actual completion of construction date. You may send an e-mail to me if you like and I will docket it in your case file. I do not anticipate a need for another inspection.

Mr. O'Dell,

This letter is notification that the construction on the Republic Steel 138 kV Melt Shop Transmission Line is nearly complete. The EAF Substation is in final commissioning. The Republic 138 kV line extension is complete. Connection by Ohio Edison / First Energy is scheduled for next week. The final connection will be made by OE/FE.

If you need to visit / inspect, I can arrange your access to the plant. Please advise of any additional action required.

Regards,

Jim Lender
