**Subject:** AEP rate increase

To whom it may concern:

I strongly oppose AEP's request to collect nearly \$62 million from customers for costs to restore electric after the storms in 2012. Per OCC these costs requests are in excess of the amount actually needed.

Please allow the public to have a say in this matter by having local public hearings. The public has every right to voice their concerns. Already our electric bills are higher than any other utility.

Thank you for your consideration of my concerns,
