Rushsylvania, Ohio

Ms. Newland,

Thank you for contacting the Ohio Power Siting Board (OPSB) regarding the proposed Scioto Ridge Wind Farm and associated transmission line and substation projects. Your correspondence in opposition to the project will be docketed in the public comments for case numbers 13-1177-EL-BGN, 13-1767-EL-BTX, and 13-1768-EL-BTX.

The OPSB voted today to certificate the Scioto Ridge Wind Farm. Formal parties to the case will have 30 days to petition the Board for rehearing.

If you have any additional questions or concerns, please contact the OPSB at (866) 270-6772. Again, thank you for your interest in this case.

Sincerely,

Steve

COMMENT DESCRIPTION:

I am asking that the Ohio Sighting Board vote against the SCIOTO RIDGE WIND PROJECT. It will be very harmful for the people that will have to live by the wind turbines, while the Land owners (Lease Holders), Wind Companies and the Government officials receive the money. The area that these wind turbines will be in, is a very small area too small to hold 176+ wind turbines. Not to mention it will lower property values. There are too many health risks And the turbines are very dangerous. I ask you would you want several of these turbines to be built by your home? There are going to be a lot of people affected. Township Trustees in several counties have written Resolutions voting against the wind project. I ask you to vote against it also. Other states that have wind turbines still have pollution. Thank You.
