**Case No. 14-0180-EL-REN
Kreilkamp-Ann-IN-PV-4.32kW Residence
Staff Interrogatories – Initial Set**

Case No. 14-0180-EL-REN and 14-0181-EL-REN are related; however, they should not be registered as one system as they are separate systems. The installer recently notified us that Ann Kreilkamp owns two adjacent houses, only one of which is actually good for solar. Therefore, the installer installed 32 panels on the one house (DeKist Street house – Case No. 14-0180-EL-REN) and wired half of them to the adjacent house (Overhill Drive house – 14-0180-EL-REN). Each system is monitored and wired independently, and so they should be considered two different systems.

Please let me know if you have any further questions and thank you for your cooperation.

Best,
