**BEFORE
THE PUBLIC UTILITIES COMMISSION OF OHIO**

In the Matter of the Annual Alternative)	
Energy Portfolio Status Report)	Case No. 14-0549-EL-ACP
of Industrial Energy Users-Ohio.)	

**INDUSTRIAL ENERGY USERS-OHIO'S
ANNUAL ALTERNATIVE ENERGY PORTFOLIO STATUS REPORT**

I. Introduction

Industrial Energy Users-Ohio ("IEU-Ohio") is an electric services company as defined within Section 4928.01(A)(9), Revised Code. Pursuant to Section 4928.64, Revised Code, and Rule 4901:1-40-05(A), Ohio Administrative Code, IEU-Ohio submits its alternative energy portfolio status report.

II. Baseline Calculation

Section 4928.64(B), Revised Code provides:

The baseline for a utility's or company's compliance with the alternative energy resource requirements of this section shall be the average of such total kilowatt hours it sold in the preceding three years, except that the commission may reduce a utility's or company's baseline to adjust for new economic growth in the utility's certified territory or, in the case of an electric services company, in the company's service area in this state.

IEU-Ohio's actual sales for each of the subject years are as follows:

2010 Sales	0 MWH
2011 Sales	0 MWH
2012 Sales	0 MWH
Three-year average	0 MWH

III. Renewable Benchmarks

IEU-Ohio's 2013 renewable benchmark is as follows:

2013 Baseline	0 MWH
---------------	-------

The total renewable and solar requirement is equal to 2.0% of the 2013 baseline, with a specific requirement that 0.09% be achieved through solar.

IEU-Ohio's total electricity sales during 2013 were 0 MWH. Therefore, it was not necessary for IEU-Ohio to acquire solar or renewable energy credits.

IV. Compliance Strategy

At this time, IEU-Ohio does not anticipate making electricity sales during 2014. However, to the extent IEU-Ohio does engage in any such electricity sales, its compliance strategy will be to satisfy the renewable and solar portfolio obligation through the purchase of appropriate renewable energy certificates.

V. Conclusion

WHEREFORE, IEU-Ohio requests that the Commission find that IEU-Ohio has met all annual alternative energy portfolio status report filing requirements.

Respectfully submitted,

/s/ Samuel C. Randazzo
