Docketing Case No.:

13-2385-EL-SSO

Notes:

Please docket the following in the case number above. Thank you.

How could you possibly allow AEP to pass on storm damage costs to their customers? AEP already has extremely high rates and makes many millions annually and now you're allowing them to make more on the backs of their already rate burdened customers. How much influence does AEP have in placing members on the PUCO board. I've got a tree that needs cut down in my yard. Will you guys pay for that? I get so tired of being screwed by large faceless companies and crooked government. Not a damn thing I can do about it is there since AEP is a monopoly.
