County(s):	Greene County	Township(s):	City of Fairborn

Reason for Reallocation:	The residential development site is located on the border of DP&L and Ohio Edison's electric service territories. The current territory border passes through the middle of several lots within this development. In order to alleviate any concern over which entity is entitled to serve the bifurcated lots, the Companies have agreed to extend Ohio Edison's border, while relinquishing the lots in question to DP&L. The metes & bounds description below establishes the sector that is to become part of Ohio Edison's electric service territory.
